# Making Our Splash

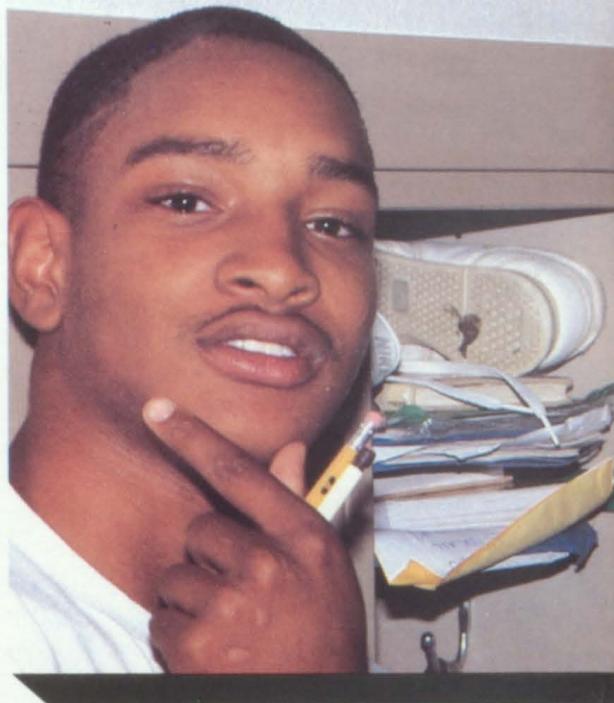

Just as this year will be a time for change, we on the yearbook staff decided it is time that we make a few changes, too.

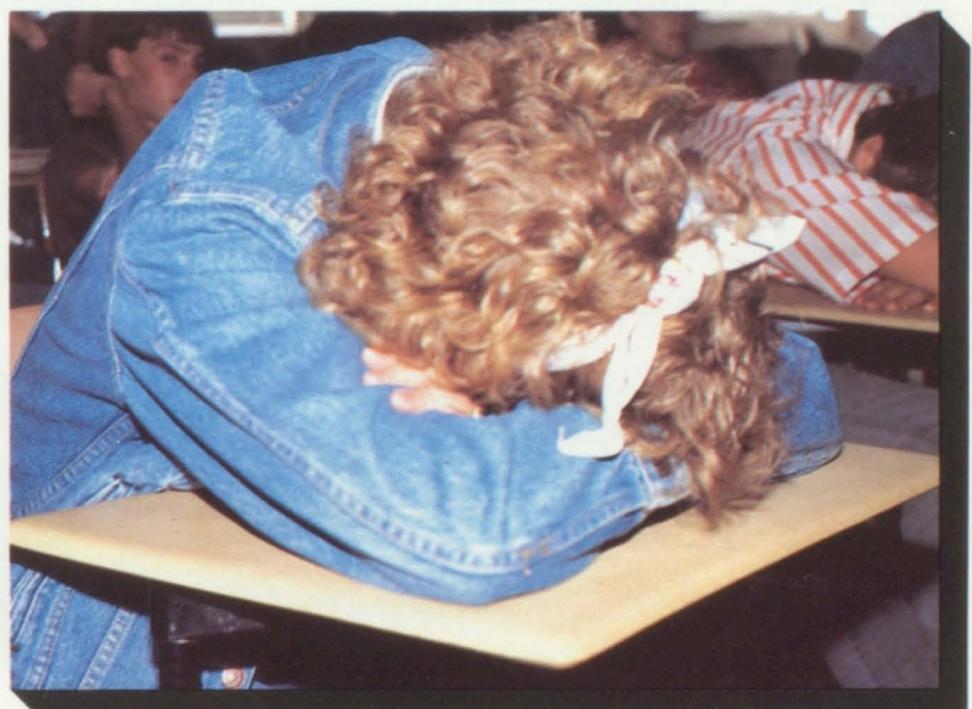

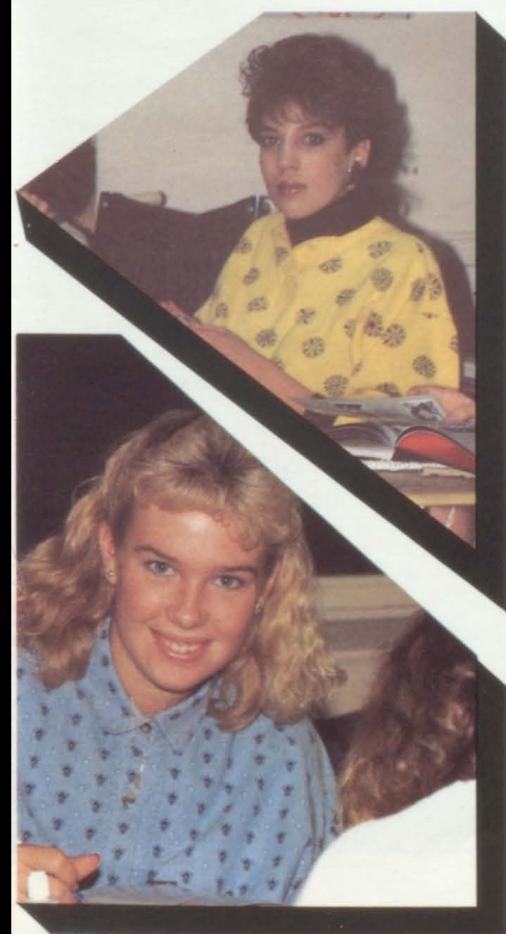

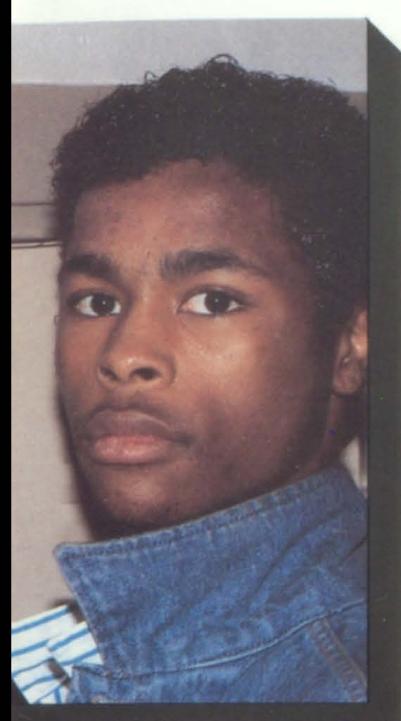

No longer will we be only black, orange, gray, silver or gold, but this year will be colored red, yellow, green, and blue as well.

If we've taken you by surprise, we apologize, but we simply decided that this year is our year. So to celebrate, this year we'll be "Making A Splash!"

*Edwardsville High School has a history of excellence and is strong in tradition. This year continues that excellence and tradition with accomplishments in academic as well as extra curricular activities. The class of 1988 witnessed changes throughout their four years at EHS. This year began with changes in the smoking policy and the residency policy. Changes also occurred with revision of the English, Health, and Physical Education curricula as well as remodeling the science laboratories. The class of 1988 has left its impression. They have made their splash!*

**No: late nights, suntans,  
jams, vacations or fun;**

# **It's not summer anymore**

Summer is a time for parties, fun and NO SCHOOL, but every year students all across America make one of the most difficult transitions — going back to school. No one quite understands why it is so difficult to make this back-to-school transition. Maybe it is the thought of the boring ride on the bus to school or sitting in class after class or the memory of homework. Could it be that school is just no fun?? OF COURSE NOT! Where else can you be updated about who is dating whom? Where else do you get to dress up in crazy costumes for Spirit Week? Where else do you squeeze talking to friends into only 5 minutes between classes, and get almost 2 weeks vacation every Christmas? But on the negative side, where else do you get to take the dreaded final exams TWICE a year? Where else can you get after-schools and in-schools, AND get only a half hour for lunch!

Actually school's not THAT bad — it's the switch from freedom to "rules" that's so hard. Well, it's almost over for you SENIORS, but it's only beginning for the FRESHMEN! Just enjoy it while you can because you'll treasure these times forever!

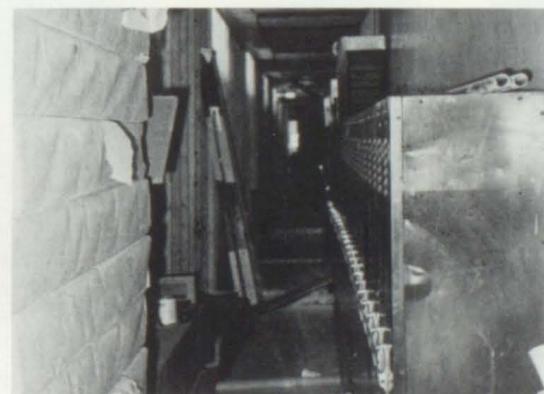

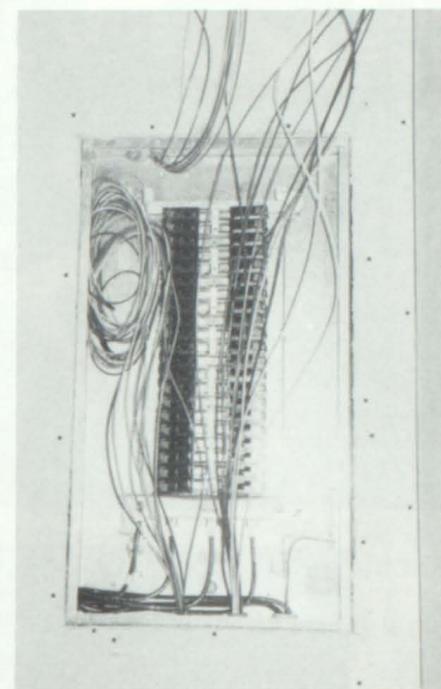

# The DEMOLITION and Re- modeling *of Edwardsville Senior High*

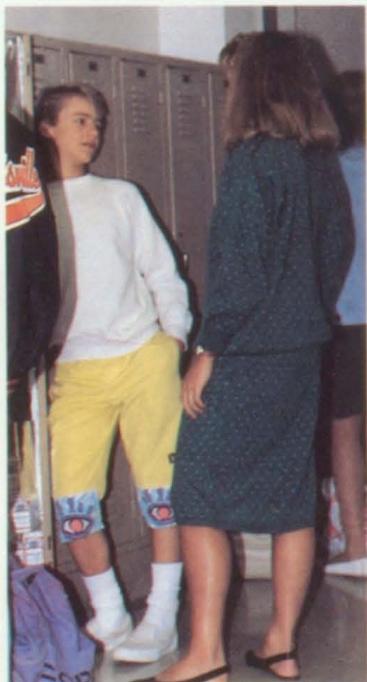

If you haven't noticed the construction work on the third floor then you must not attend Edwardsville Senior High. When classes terminated at the close of the 1987 school year the real work of remodeling the science laboratories, then counseling offices and an English room had only begun. The work started off on schedule but was delayed upon the discovery of asbestos in the classrooms. It was pushed so far behind schedule that the High School had to make revisions as to where classes would meet for the first semester of the 1988 school year.

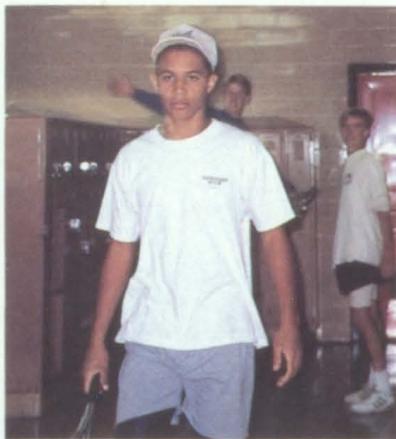

The third floor currently isn't a very pretty sight, what with half of the hallway gone and boards and hoses everywhere, but the results should be well worth the inconvenience. The science laboratories will be fully equipped with the latest innovations and the ventilation of the air is to be improved.

The students who make that embarrassing trek over to the Junior High every day are the only ones who really suffered because of the wait. Even though it was chaotic the first few weeks of school, we will have new and improved classrooms to look forward to once work is completed.

# What's Hot and What's Not

**T**he 1988 school year brought about many different trends. The most prominently displayed of these trends are the fashion statements made by all of E.H.S.'s students. The statements this year come from all over and are based more on the individual wearing them than ever.

One of the favorite looks this year is the "iced" or "acid" denim look. This is a pair of jeans that has been made to look old.

If you don't want to invest the \$40.00 it takes to buy a pair of these jeans, then the next best thing is jeans that have actually been worn out.

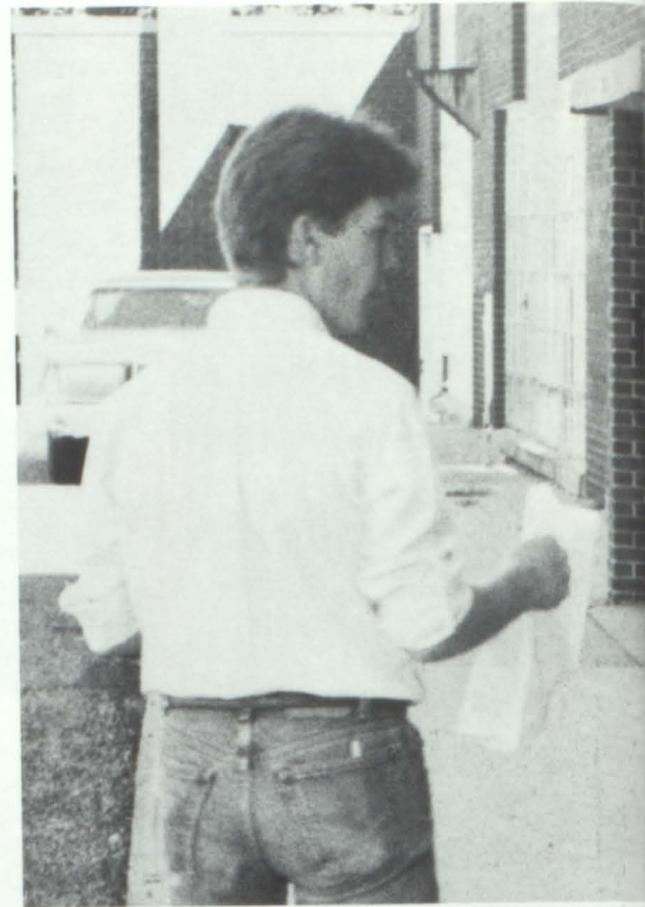

The next hot item in denim is the everlasting jeans jacket, everyone's best friend! The jacket that has been "through everything" is what to wear nowadays, and for those trendier people, the jacket should be midriff-baring to go along with all those mini-skirts. Yes, mini-skirts are back, for all you **GUYS** who haven't noticed yet!!

Over the summer one of the hottest items was still the Bermuda short. Whether it was printed in a tropical print, plaid, striped, or just a solid color, it had to brush the knee or they were "too short!" The girls came up with a good variation of the bermuda short — **BOXER SHORTS!** These were sported all over Edwardsville during the summer. And what goes best with shorts, but those wonderful T-shirts. Adorned with Spuds MacKenzie, Corona Beach Club, GUESS, Swatch, island names and all sorts of rock groups, they went with anything and everything!

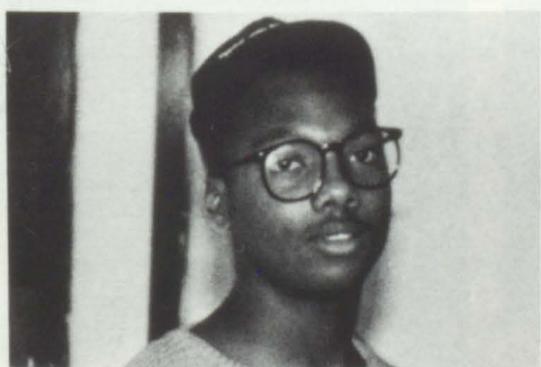

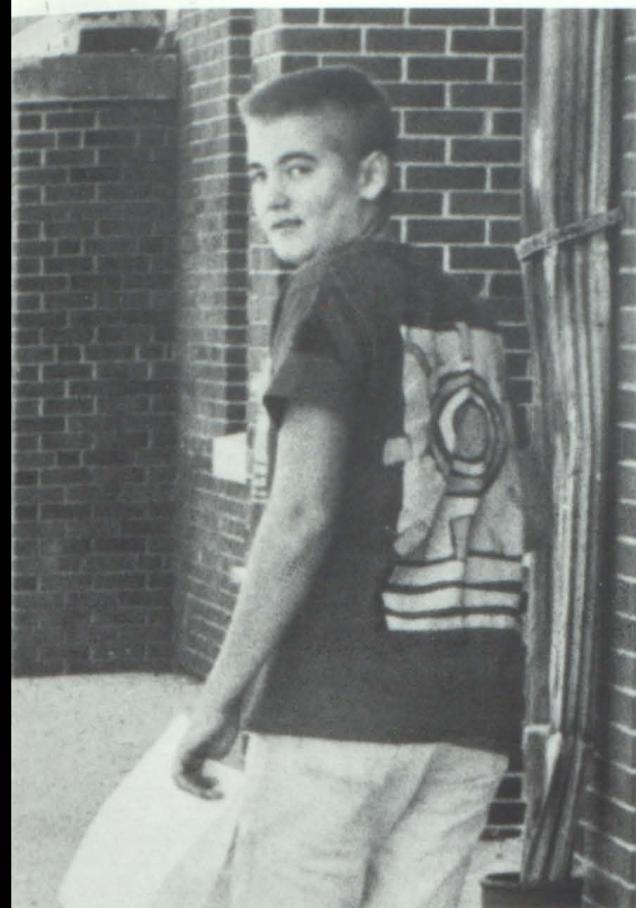

The 1988 school year will be an interesting one all around, but the fashion-conscious people of E.H.S. will help make it even more interesting and memorable. REMEMBER: be creative and original and "**YOU LOOK MAAAAARVELOUS!!**"

# The Many Faces of E.H.S.

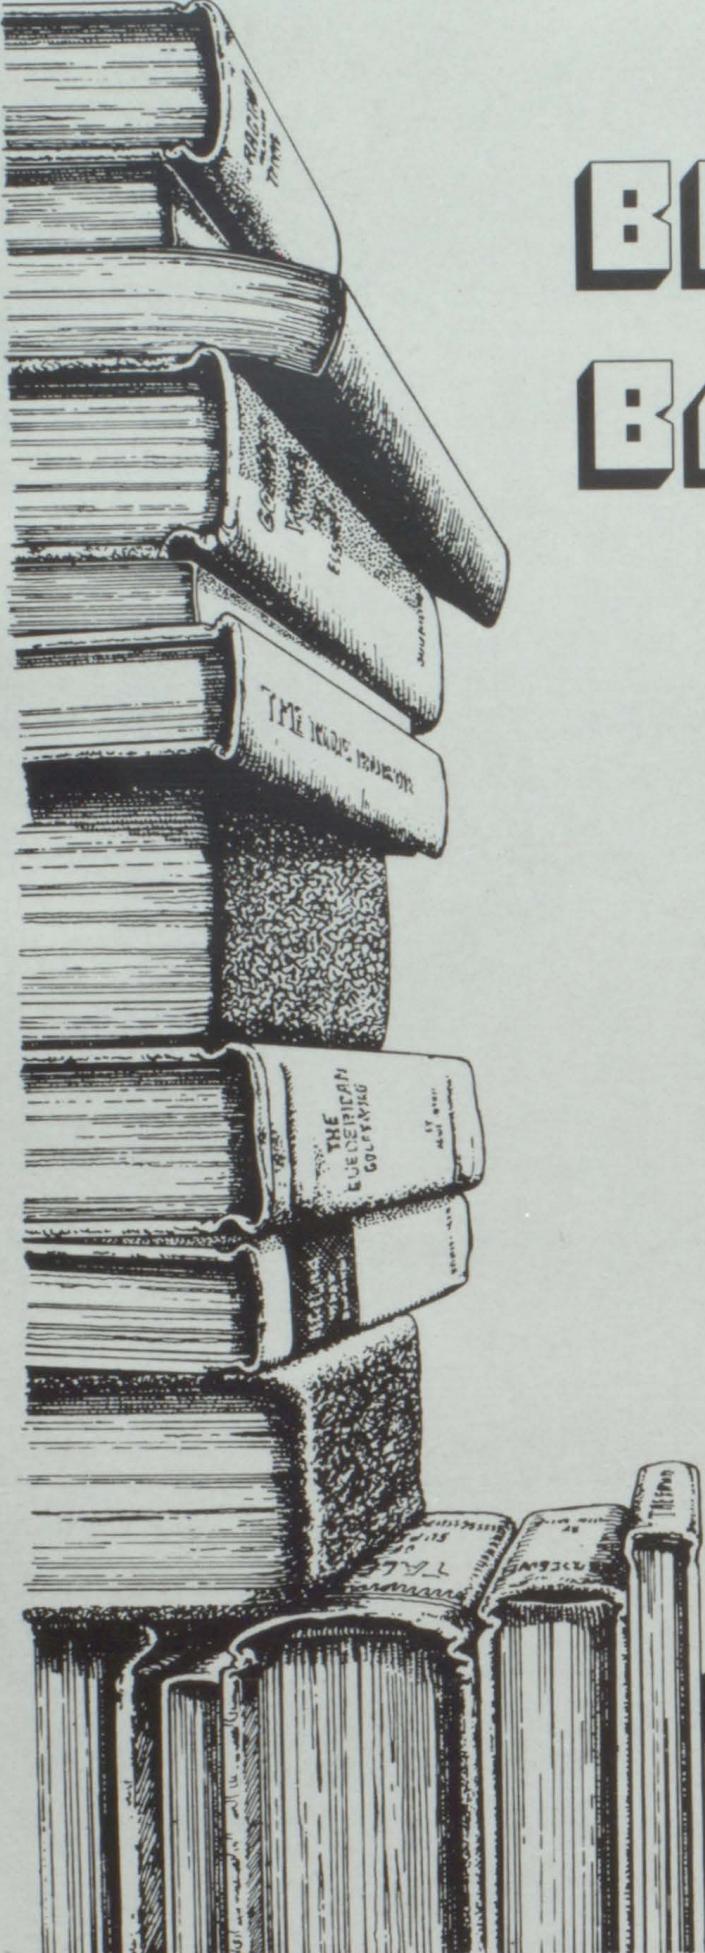

## Everybody Needs One!

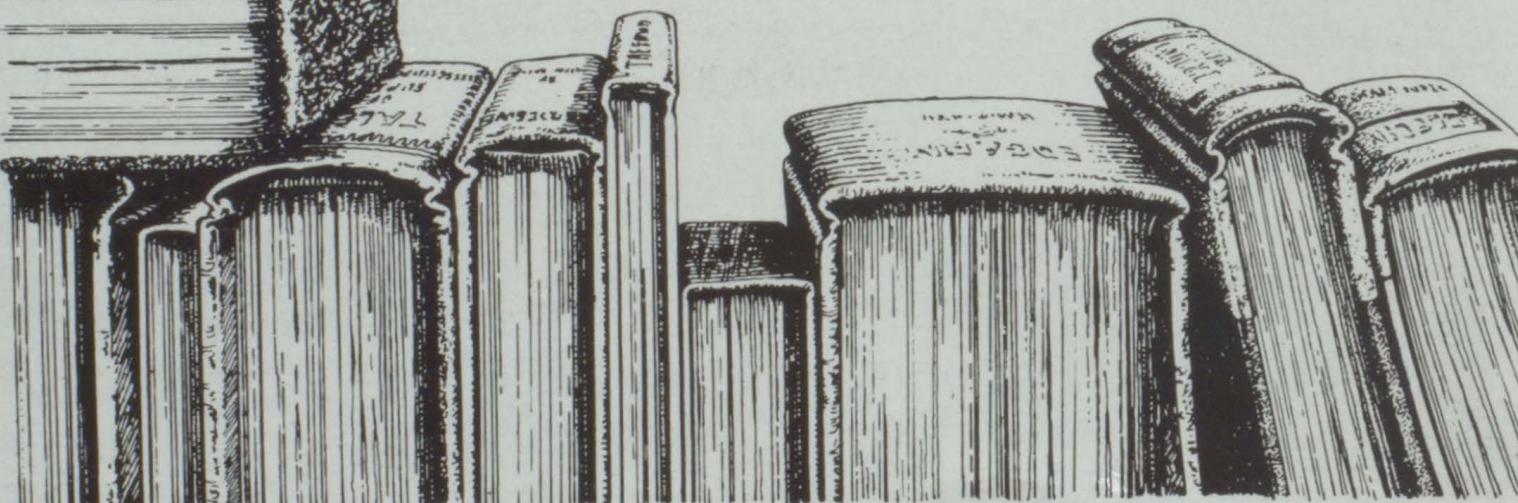

*Friends play a major role in our lives. They help us when we're down and make us feel better. If things get shaken up in their lives, they know they can come to us. Friends are there to share a bad mood or a good joke, sad times and fun times. Here's a look at some of E.H.S.'s friends:*

# BOOK BANNING:

*Who's Right  
Is It?*

In Corning, New York, a small group of parents ask that Arthur Miller's Pulitzer Prize-winning play, *Death of a Salesman*, be removed from their local high school curriculum because it contains "gutter language" and "condones stealing."

Environmentalists in Oregon attempt to ban a fourth grade social studies text they claim is "pro-industry." Parents in Church Hill, Tennessee, challenge the entire reading program of their children's school district. Among the books in question: *The Wizard of Oz* and *Anne Frank: The Diary of a Young Girl*.

Across the United States the debate is raging: Who will decide what students read and study? Usually matters like this are decided by those who reflect the majority opinion — elected and appointed officials and school boards. But such officials find it increasingly difficult to make decisions on education when threatened by lawsuits brought on by small groups of disgruntled citizens.

People For The American Way (PFAW), a civil-liberties watchdog group, seeks to promote freedom of the press and freedom of speech. In 1987, the bicentennial of the U.S. Constitution, the group has taken an active role in the current debate over censorship in America's public schools. We asked PFAW President Anthony Podesta about it.

#### How prevalent is censorship in the U.S. today?

We've done a survey of censorship in the public schools every year for the last five years, and we've found that things have gotten worse. There have been book and record bannings in every state — books are being removed from high schools and public libraries, and textbooks are being censored. And not only are there more incidents of attempted censorship today, but the attempts are twice as likely to be successful.

**Even if the initial lawsuits are successful, aren't cases like these routinely overturned to higher**

courts?

They might be, but the problem is that no matter what happens with the lawsuits, material gets taken out of the books. We've just released a study of civics and government textbooks to coincide with the bicentennial. Watergate? You can barely find it. Civil rights? It might as well not be there. Anything that might be controversial gets taken out.

#### Is the problem that textbook publishers shy away from printing anything that might involve them in controversy and costly lawsuits?

Yes. There's a short story called "The Lottery," by Shirley Jackson, which came under attack a few years ago as depressing and anti-Christian. The Texas state school board announced that it would no longer buy any textbook that contained "The Lottery." Now it's almost impossible to find. We can't find a single literary anthology published in the U.S. today that has an unexpurgated version of *Romeo and Juliet*. Several publishers of high school dictionaries have even started taking words out of dictionaries.

#### In talking about censorship, aren't we also talking about the rights of parents to have a say in what their children read or study?

We think that the whole climate of trying to restrict things from teens in this country is deplorable. Over a whole range of issues you end up with small groups successfully taking books out of libraries and material out of texts. The publisher of the most widely used high school health textbook in the country does not even include a chapter on human reproduction. In Texas, which has one of the highest rates of teen pregnancy in the country, we got the state board of education to reject the book for that reason.

#### What does PFAW do to respond to attempts at censorship?

Lobbying, litigation, public education, and research. We also have a staff of people who are there just to help teachers,

parents, and students who are concerned about censorship. If a local group attempts to ban a book in your town, you can call us up and we'll try to prevent that from happening — before it goes to court.

#### Does your organization have any specific plans for the bicentennial of the Constitution?

Besides releasing our textbook study, we're planning an all-day reading of the Constitution on September 17 at Federal Hall in New York — where the first Congress met. Celebrities, kids, and judges will be doing the reading. And we're planning a series of radio spots that will be available to schools. People like Kathleen Turner, Walter Cronkite, and Martin Sheen will be doing two-and-a-half-minute readings from the Constitution and other historic documents.

— Robert Love

The following is a partial list of books that have been challenged the most often in the past five years, as compiled by the Washington-based anti-censorship group People For The American Way.

1. "The Chocolate War," by Robert Cormier, has been formally challenged nine times since 1982, including twice last year.
2. and 3. (tie) "The Catcher in the Rye," by J. D. Salinger, and "Of Mice and Men," by John Steinbeck have both been formally challenged at least eight times since 1982.
4. and 5. (tie) "A Light in the Attic," by Shel Silverstein, and "The Adventures of Huckleberry Finn," by Mark Twain, within the last five years, have both been formally challenged at least seven times.

1987 Homecoming premiered a fantastic Spirit Week. Columbus Day cut this year's Spirit Week short, but it didn't take a five day week to push Tiger fans into high gear. Class Color Day, Hippie Day, and Fifties Day produced quite a few interesting characters, but proved to be only a preview of what was to come Friday. Friday was Orange and Black Day and it brought EHS's Tiger spirit to a roaring peak. To top things off, a Pep Assembly was held at the end of the day, readying EHS for another spectacular Homecoming weekend.

— Christina Johnson

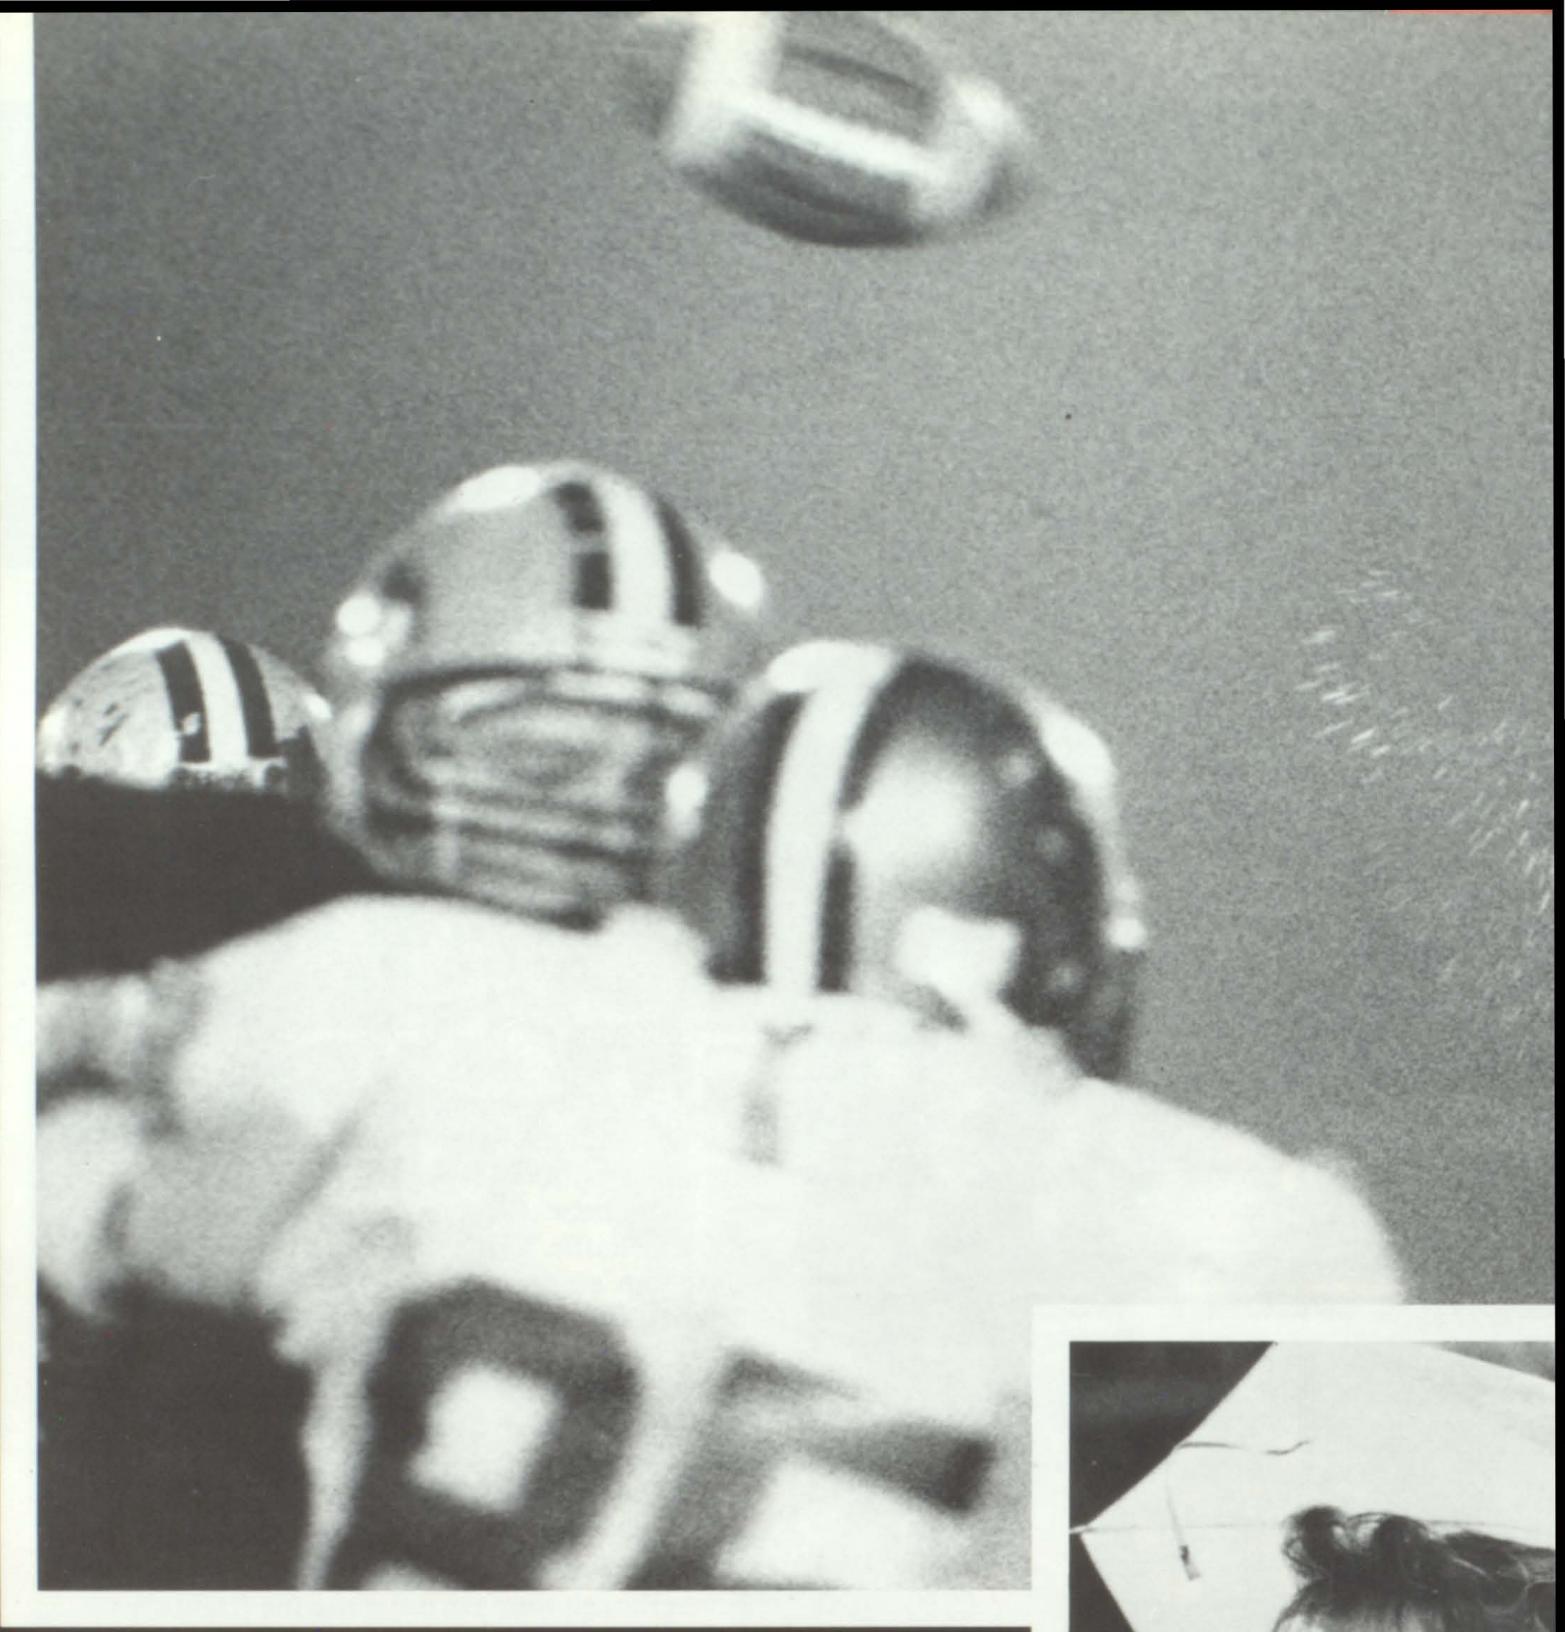

## *The E'Ville Shuffle*

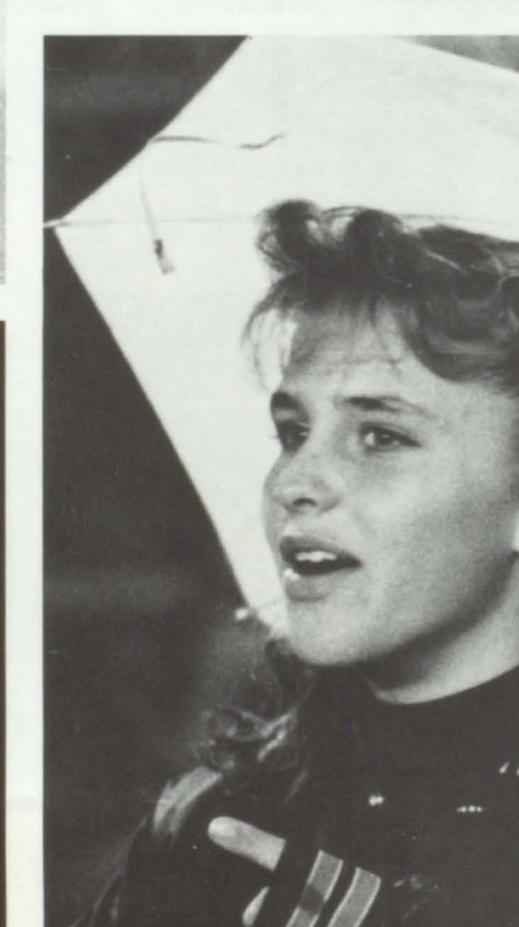

Following an exiting Spirit Week, EHS Tiger fans showed a final burst of energy before attending the evening game. This came at the Homecoming Assembly held in the large gym Friday afternoon.

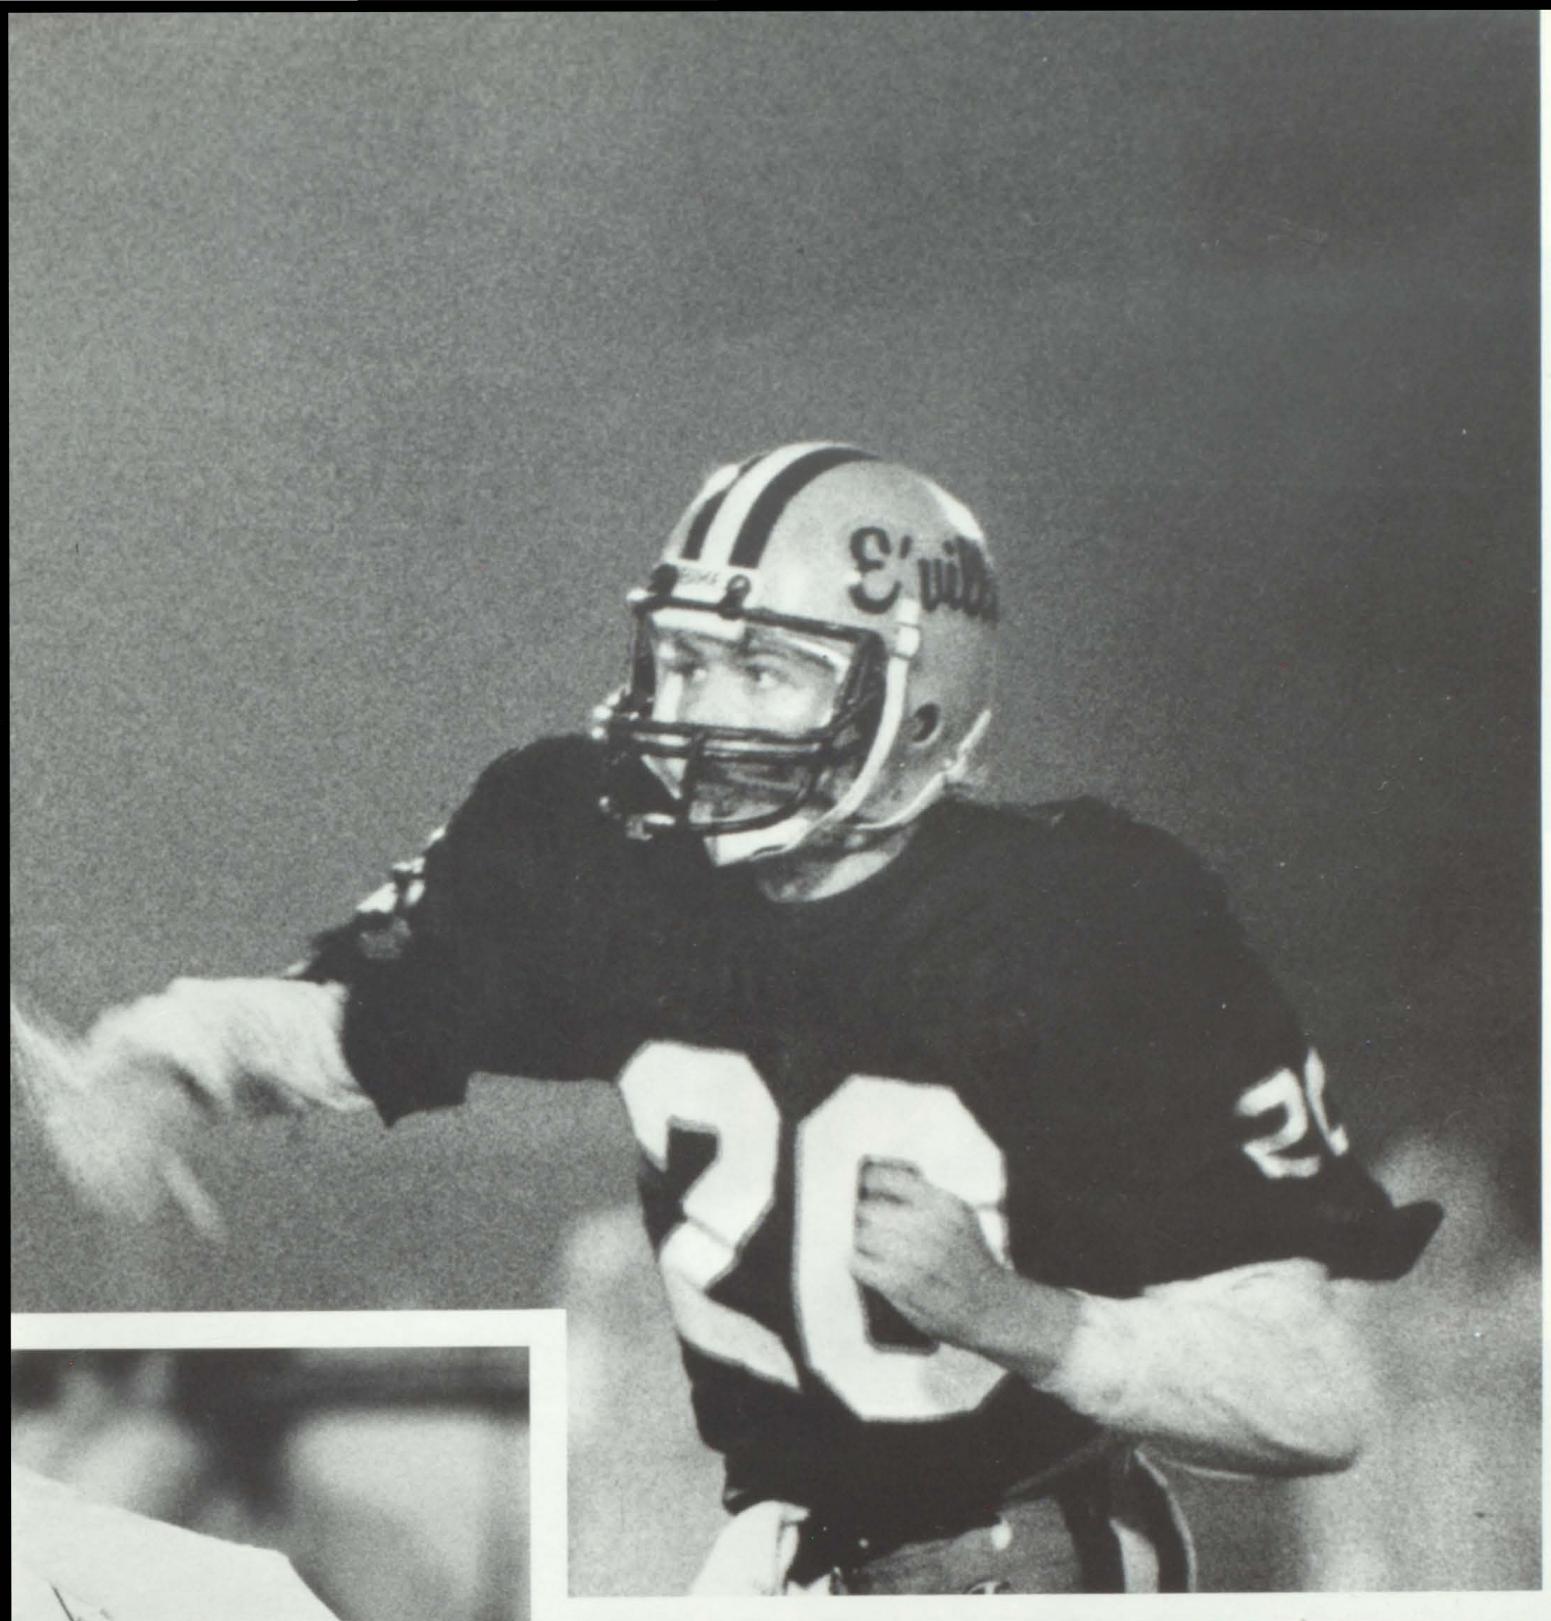

The theme for this year's assembly was "EHS Shuffle." This theme must have tapped into the students' and administrators' creativity, for many interesting and original raps resulted from it. Many of the varsity fall sports participated in this rap along with the teachers, coaches, and administrators, but almost everyone agreed that the football team put forth the best showing. Along with a rap that made the others look sad, the football players tried something different this year. Even though they are not quite the Righteous Brothers, the team wrapped up the assembly with a couple from "You've Lost That Loving Feeling." Thanks to the participants for an exciting pre-game booster.

— Christina Johnson

*The 1987 Homecoming football game started (and ended) on a traditional note with rain for the third consecutive year. The game was a little rougher, but it didn't discourage the fans. They sat armed with umbrellas and raincoats to watch the game in the new E.H.S. Sports Complex. "We all played our hardest and gave it our best shot, but one slip in the mud and it meant a touchdown," says Dan Rose of his experiences on the muddy field.*

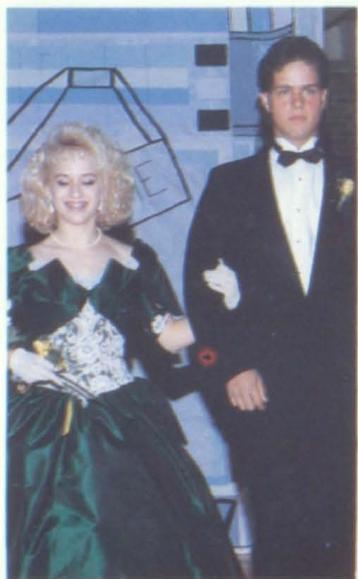

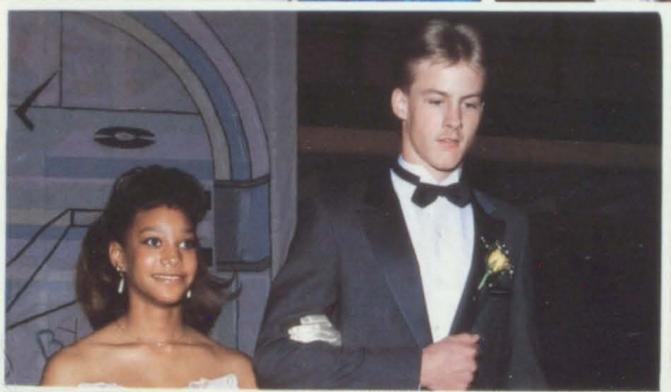

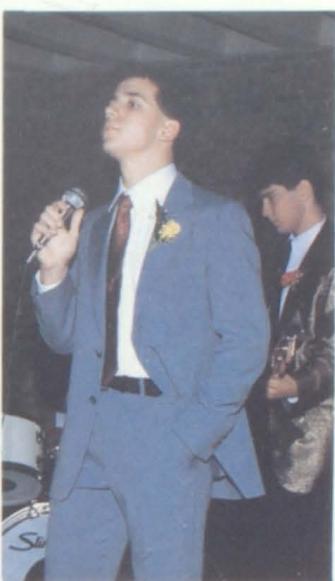

*Our mighty Tigers played the always tough Althoff Crusaders, and despite the support of the fans the Tigers fell to the Crusaders, 14-0. Quarterback Rob McNally comments: "It was a disappointment to lose because everyone played their -- off. We were definitely as good as Althoff. Althoff just came up with two big plays."*

# Stand by Your Tigers!

This year's Homecoming Parade started on a hopeful note with a lull in the storm clouds renewing everyone's spirit that this year's parade would not be a wet one. Everyone scurried frantically around as the last touches were put on their artistic floats; the band played a few last notes and the parade began.

Unfortunately, the dry spell did not last long as the rain began to slowly come down. This signaling that Edwardsville would have its 3rd consecutive wet Homecoming Parade. Spirits were still high, though, as parade watchers and participants were accustomed to rainy Homecoming Parades. The parade crawled down Main St. then St. Louis St., ending just when the real downpour began.

# Ghouls Galore

It's that time of year again: ghouls, goblins, spirits of other dimensions, and creatures of other habits. Along with the age-old Halloween traditions of toilet papering, soaping, and egging (not to mention "borrowing" your little sister's trick-or-treat candy), a new tradition has been formed. That tradition is the second annual Halloween Costume Contest, sponsored by the Yearbook Staff.

All contestants are judged on a scale of one to ten

in the areas of originality, technicality, and how artistic their costume was. The first prize of \$50 was awarded to Senior Amy Nelson who was dressed as Winnie-the-Pooh; California Raisin Gerald Lieurance, a Sophomore, claimed the second prize of \$25; and Juniors Sara Schrieber and Julie Kanning took \$15 for third place as Mickie and Minnie Mouse, respectively.

# *Behind the Scenes:*

The following are entries taken from the weekly journal of one cast member of *The Crucible*, Heather Burress.

9/25 Well, the first week is already over. I still can't believe I got a part! The cast was picked very well. So far nothing real exciting has happened, but it has been fun. We're still working with the books in our hands. The blocking Monday was just a read-through. Jeff (Powell) better hope his voice changes before the play, or we might have another cracking voice incident!! The blocking started on Wednesday.

10/2 This week was a little more exciting! Tuesday was Open House, so we had rehearsal later so that the parents could come in and watch us. It gave us all some practice performing in front of an audience. I was NERVOUS! But we all did great. More blocking this week, and we still have the books in our hands.

10/9 Started memorization! Not going so well, but I think it'll be all right. We're starting to get a lot more comfortable around each other. On Monday, Tuesday, and Wednesday we did run-throughs of the acts. Had lots of fun!! We have a few clowns in the cast like Kyle (Burress), Tim (Baker), and Amy (Pomeroy) that makes it all the more fun!

10/23 I know, I skipped last week, but we only had three rehearsals last week, so I put last

week's with this week's, and, whew! I'm starting to feel the pressure! Memorization still isn't going as well as I think Mrs. Motley would like it, but we're trying! We've been working the scenes and we're starting to get a lot more serious about the play. Only two more weeks til the play!

10/30 Things are really getting tense! Lincoln (Lounsbury), Shervin (Karimpour), and Soo (Cho) came this week to take pictures. I wish I could see them now!! Brian (Oberdieck) and Elizabeth (Carter) really do well in their final scene together! Amy (Pomeroy) also does a good job of making people hate her, hah-hah!! I think we're going to do real good!! One week!! I'M NERVOUS!!

11/6 This week has been something else!! We all call it "Hell Week" and it is!! Every night has been a dress rehearsal; that means costumes, make-up, props, lights, EVERYTHING!! Everybody is doing great! One problem though — MY POPPET!! They couldn't get the right one, so the props people got this "Super-Nut" thing! It's this stuffed peanut with a cape and these gangly arms and legs!! It was IMPOSSIBLE to be serious with this "Super-Nut" flopping around! But, it was fun. Tonight is our first production. This is it!! We did Act I, Scene I for the second hour English classes. I think they liked it. I HOPE they liked it!

LATER THAT NIGHT ...

WE DID IT!!! IT WENT GREAT!!! A TOTAL success! All that work was worth it. I can't wait until tomorrow night! A bunch of us went to Panterra's after the play to celebrate. If tomorrow's Cast and Crew Party is any better — well, I'll write on that tomorrow. I am BEAT!

11/7 ANOTHER EXCELLENT SHOW BY EHS DRAMA!!! We did great, AGAIN!!! I'm so proud of us!!! I'm kind of happy and sad both. Happy because we did so

well, but sad because it's over. Oh well, there's always the next play!! The Cast and Crew Party was FUN!! We had it at C. J.'s (Reckman) house and we didn't leave until around 3:30 A.M. It was great!! I made lots of new friends and shared in a very "interesting" experience! It was worth every ounce of work we put into it, and hopefully everyone noticed!!

11/16 I made the Christmas play!!!

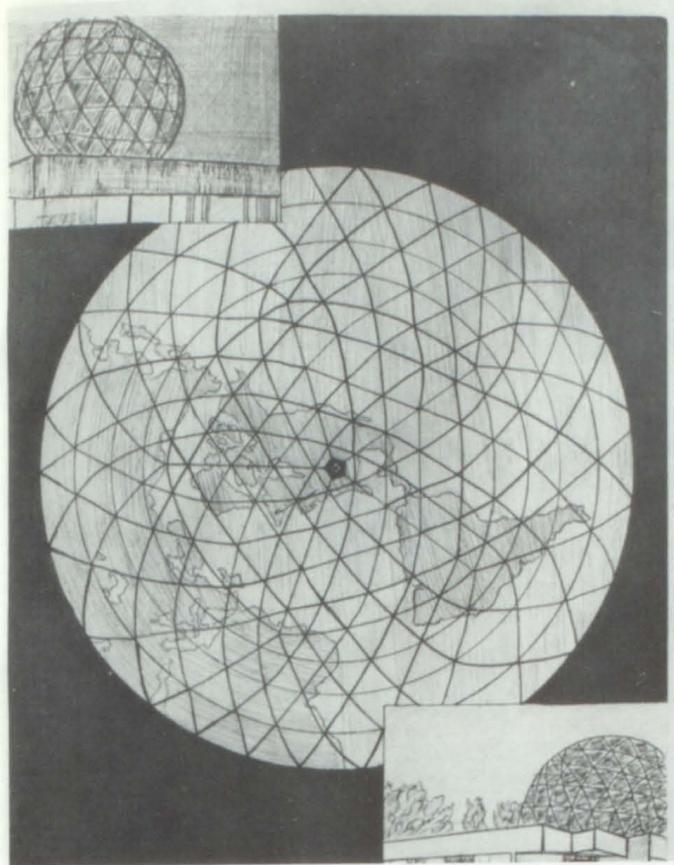

TO BE CONTINUED ...

be appropriate to go ahead and hold a contest this year.

The contest was open to all EHS students, and the drawings were to be in pen and ink on an 8 1/2 x 11 piece of paper. Mrs. Moore, the Yearbook Staff sponsor, decided to extend the drawings to a site or structure in the St. Louis area. The turn-out was very pleasing.

The rewards for placement were as follows:

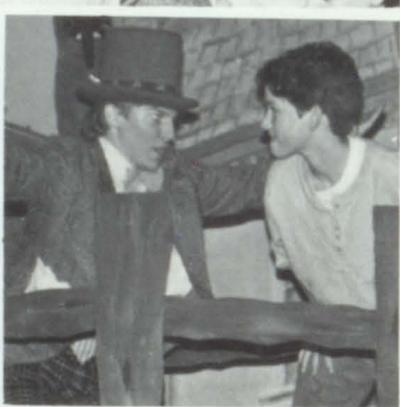

- First Place: \$50 and a free yearbook
- Second Place: \$25 and a free yearbook
- Third Place: \$10 and a free yearbook
- Fourth Place: a free yearbook

The Yearbook Staff would like to congratulate Rebecca Knezik for an outstanding drawing that captured. We also extend our congratulations to Christina Johnson, who took second; Lincoln Lounsbury for third; Brad Lawrence for taking fourth, and Wayne Long, Missy McDonough, for receiving honorable mentions.

We also thank Mr. DeToye and Mrs. Obranovich for handling the judging.

# OLIVER!

### February 25-March 4

I can't believe it! I'm Oliver! I'm really excited about it. We have a great cast. Dawn Boedecker is Nancy, Tom Harvey is Bill Sykes, Steve Gnojewski is The Artful Dodger, Tim Baker is Fagin, Brian Oderdick is Mr. Bumble, Wendy Moore is Widow Corney, and Stephanie Reed is Bet. There are lots of others — too many to name, but everyone is doing great so far! We've been working with the music, choreography, and the routines. Mr. Bradley is preparing the music, and he has really helped! Well, that's really all that's happened so far.

### March 8-March 11

We are still working on the choreography, but we're getting better. We did a run-through on Monday and smoothed out some of the rough spots, but there is work still to be done.

### March 14-March 24

Sorry, it's been a while since I wrote, but I've been really busy! Today was the last day of choreography alone. We will not have rehearsals over Easter break, but that doesn't mean we don't practice. When we return, Mrs. Mainer will be working with us on the blocking. (That's like the lines and stuff.) It's getting better every day.

### April 4-April 8

We're working on the blocking now, but we are still working on the choreography. The sets are up now, so now we get to work with

them. I can't believe it's only three and a half weeks until the play! I get so nervous every time I think about it. A funny thing happened yesterday, Thursday the 7th. I was supposed to beat up Noah Claypole, the character played by Kyle, my brother. It was great at first, I mean getting to beat up Kyle, but then I was supposed to dive and tackle Noah (no easy feat). Instead, I missed and landed, literally, right on my forehead! It scared me to death, but I was okay; I think!

### April 11-April 15

Tuesday we rehearsed with the orchestra. It's kind of hard at first to get yourself in time with them, but once it gets straight, it sounds great! The play is coming along great. Oh, we also got our costumes this week! Artful Dodger's and Fagin's are really crazy! Mine is not so bad. Brian Oberdick, Mr. Bumble, had quite an accident. When Wendy Moore, Mrs. Bumble, pushed him down the stairs, he fell and split his chin open! It gave us all quite a scare, especially Brian.

### April 18-April 22

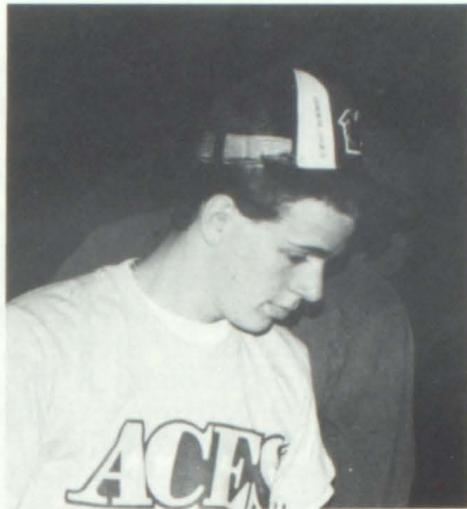

We rehearsed with the orchestra again on Tuesday. It sounded much better this time. The orchestra sounds great! Everything is coming together well. We did an entire run-through today and we sounded good. There are a few rough spots, but they can be improved.

### April 25-April 29

(The show is tonight.) Whew! What a week! It was what we affectionately call "Hell Week!" I don't think it could've been described better. Practice is every night from 5:30 to 10:00! But it has been worth it. We have a great show in store for the audience. The orchestra has been doing a good job of making themselves at home in the pit. They're great to work with. Well, tonight's the night! I'll write when all of the three shows are over. I'm so nervous!!

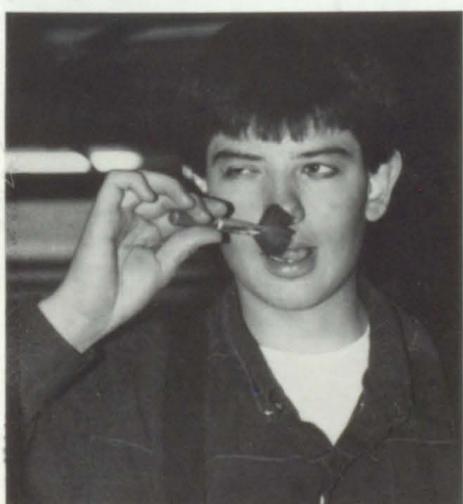

### April 29, 30, and May 1

Well, it's all over. The shows

went Great!! There were lots of people there, too! Everything went smoothly. The audience was great, also!! We had fun performing for them. I only had one accident when my knee got cut pretty bad. When Noah, Charlotte, and Mrs. Sowerbury threw me in the coffin, they slammed the lid on my knee. I'm glad they didn't have my body mike on when I was in the coffin!!! (I'm not sure that what I said was really the character speaking!!) Sunday we had a clear-up strike. It was so weird to look at the stage with all the sets gone and all the desks back up. It was kind of sad, too. Oh well, I'm sure I'll find something to do with myself!!(?)

# “Heaven In Your Eyes”

**B**eautiful women, gorgeous men all splendid in their best formal attire. They are dressed to the nines and dressed to kill. The music is soft, seductive, the lights are low and a breeze is gently blowing, sending the smell of fresh flowers wafting about the room. The time is right. The night has begun — Prom Night 1988.

Held once again in the Meridian Ballroom at SIUE, Prom was deemed successful by all who attended. Junior class Treasurer, Stephanie Rogier said that she loved planning it and had a lot of fun in both the preparation and attending. She said it was “a very special evening and definitely worth all the work.” Senior, Dean Savoca agreed with Stephanie, saying that it was crowded, but fun with really good music and a lot of people dancing. With a theme like “Heaven in Your Eyes,” Prom was

bound to be a heavenly evening.

One Senior had such a good time that he described Prom as an event that “inspired me to want to succeed in life so I can always enjoy the similar luxuries that life provides.”

Out of the three candidates for Queen and King — Susan Metzler, Christy Ruyle, Tracy Woll, Gary Burns, Eric Carlson, and Steve Hartman — Steve and Tracy were voted to be the 1988 Prom King and Queen. Tracy said that she didn’t expect it, but that being crowned Queen was “a great way to conclude my last year at EHS.” Steve said he felt really proud and honored and that it was a great once in a lifetime experience, but he follows the advice he gives for future Prom Kings: “Be proud, but don’t let it go to your head.”

# EAT YOUR HEARTS OUT SENIORS!

## Senior Breakfast 1988

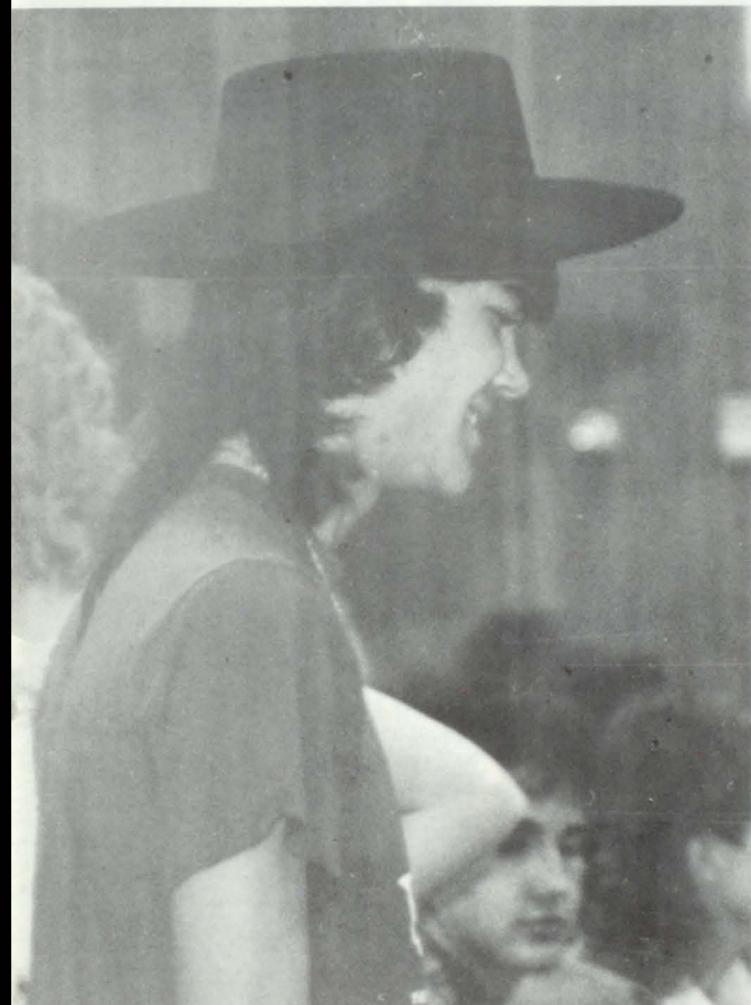

This year's Senior Breakfast was quite a memorable one. It began at 8 a.m. in the cafeteria, giving the Seniors one last chance to taste some of that fantastic school food. The morning was highlighted with a humorous video made by Mr. DeToye. The video featured class Valedictorian Ron Ho cheating on a test and various faculty members torturing students.

Senior Class President Elaine Denny gave a speech covering the high and low points of the year. Students said their final goodbyes to friends and teachers and wished each other well in all of their future plans.

Leslie Trueman commented, "Mr. Gregor's part in the video made the breakfast great! [He kept repeating "I love you. I love you all."] It was probably the first and last time I'll ever see the whole class looking that nice — with the exception of Jeff Robbins and Sam Blevins who wore their bathrobes."

hard, leave Stephanie K. many trips to D.Q. for her senior year. To Barb, many years of friendship and to Roger B. anything he wants. I, **Phyllis Bailey**, leave all my gum to Lora Bollman, my fingernail-file to Claire D., and my lock to Erin H. I, **Jeff Lewis**, leave Rob Hernandez all my flirting techniques. I, **Michael Timmons**, leave everything to Steve Hartman and Blake Hilla. I, **Bonita Hyde**, leave my 3½ extra credit points to the non-graduating seniors; my orchestral talent to Jessica P.; and my fun times to Andy M. Also, I leave my love to Tom H. and my outgoing personality to Ryan R. I, **Rob Werden**, leave my strength to Buckwheat W.; my fishing abilities to Matt S. and my good looks to Craig W. I, **Aaron Suess**, leave all my fat to my brother, Ryan, my baseball skills to Matt S. and to my dad, I leave all the days I got in trouble and he never found out! I, **Linda Brewster**, will all the wonderful homework assignments and hours of high school work to my sister, Sarah and to all the graduating seniors — good luck in all you do. I, **Atiya Hakeem**, leave all my favorite classes to next year's seniors. I, **Shelly Bares**, gladly leave the forever monotonous, twisting halls of EHS to the under classmen that follow. I, **Colette Boyd**, leave to Jackie Johnson the good times we had and will continue to have. To **Tisha S.**, I leave a

brain of her own, some smartness, and the ability to talk to her parents. I, **Eric Dettmer**, leave all my empty beer cans to the code of conduct.

I, **Leslie Trueman**, will my car and many future good times in Madame Russell's class to my sister. I, **Lee Vandiver**, leave my convertible to Angie B.; I leave Tina B. the good times we've had! I, **Shelly Nelson**, will all of next year's seniors to party it up! I, **Fred Steinkuehler**, leave the hassel of finding parking places to the sophomores and juniors; to next years football team, I leave all the luck in the world to make the playoffs. I, **Orlando Jones**, leave an electric razor to Bigfoot and my good hair to A.W. I, **Angie Bleier**, will my many hours of studying to Diana; to Tina and Julie, the walks to 6th hour; to Ellen B., my Algebra 2 grades! Finally, I leave John Bell a place to stay next time he is homeless! I, **Steve Hartman**, will my girl troubles to Tom Harvey. I, **Eric Carlson**, will the presidency of the Third Row to Tim Baker; I will Tom D. my speed, endurance and flat stomach (and my razor)! I, **Jason Hughes**, leave all my love to L.L., with the deepest regrets that things didn't work out; to Christy W., I leave the patience and wisdom that I've gained in high school.

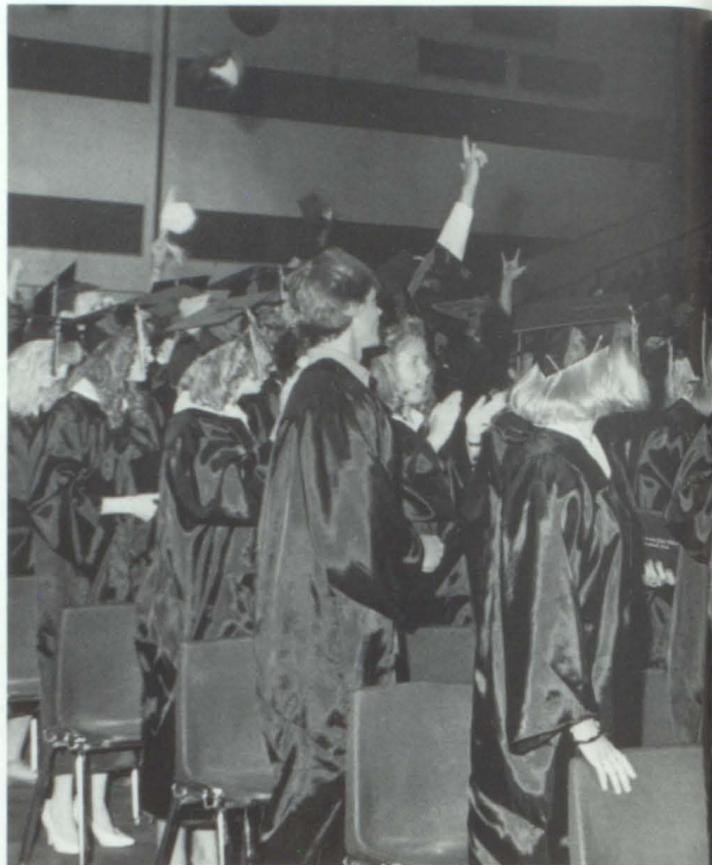

# A New Beginning

## The

Edwardsville Senior High School Class of 1988 Commencement Exercises were held on Friday, June third at the Southern Illinois University at Edwardsville's Vadalabene Center at eight o'clock. The Invocation and Benediction were given by Reverend Jim Johnston, and the Welcome by Senior Class President Elaine Denny. Speeches were given by Valedictorian Ronald Ho, Principal George Halsey, and School Superintendent Dr. Allen McCowen. Board of Education President Gene Vanek presented over 300 diplomas that evening.

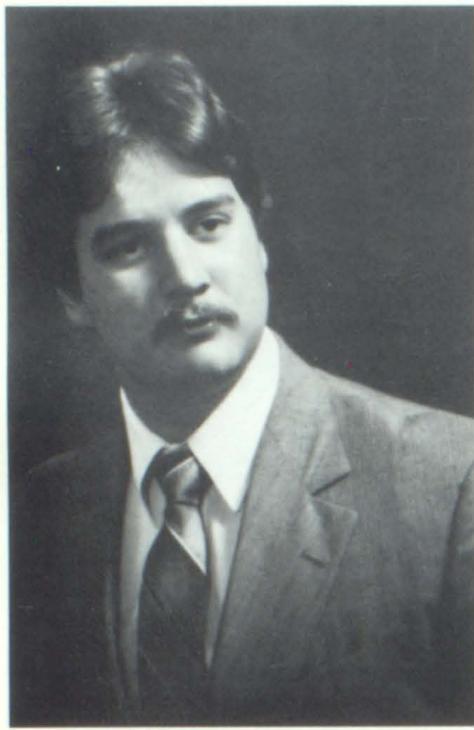

When asked about his general feelings on the class of '88 and their future, Mr. Halsey replied, "With their talent, ability, and confidence, they could make quite a positive impact on society."

Christopher McDonald

1969-1988

**Christopher McDonald  
Memorial Scholarship  
Fund:**

The Gary McDonald family wishes the graduating senior class to know that they will be establishing the Christopher McDonald Memorial Scholarship Fund as an ongoing annual presentation.

The senior class represents a body of individuals respecting ideas and ideals that establish credibility to a community. These ideals are those a community would like to see in every graduating class. They are the kinds of qualities that a community wants to hold and flourish in their young adults and in their citizens of the future.

Christopher McDonald was a part of this class and held these ideals as strongly as those who honored him with the Chris McDonald Scholarship.

As a family and part of this community, we wish to honor the year's 1988 graduating class and our Christopher by the continuation of this scholarship on an annual basis, keeping the criteria this class has set and keeping the reason for its presentation. In doing so, the ideals that you, as individuals expect of yourselves and expected of your class, can be permeated to the minds of future graduating classes.

In doing so, the ideas and ideals that our Christopher held in esteem as part of your class will always be there as a reminder to help set goals.

In doing so, a challenge will be set forth to future classes to be or become as strong an influence as this class has demonstrated.

# To the Class of 1988 and Friends of Christopher McDonald

We speak to each and every one of you. We'd like to hold and to hug each of you and say things will be Okay — but we can't. So, through this imperfect medium, we wish to express to you our deep appreciation for the beautiful flowers which will be held in our hearts forever; your generous donation which helped to bury our Chris; and, most important, your love when you stayed by us in our most agonizing days.

We'd all like to wake up and find this was just one bad dream. We'd like to close the book and say this was one of King's best novels. But we can't. This is a real tragedy; and like the tragedies we have all studied, we will search for and hold onto the good points that make the end so tragic.

Our Chris was not perfect yet he was impatient with imperfection — with us for being human and having human faults and with himself for making errors and striving so hard.

Please join us, each of you, in searching for his good points. Reach for his patience in explaining and helping others to understand written words. Reach for his strong and methodical logic. Stretch your mind out for his love of reading or his joy in music. Grab on to the determination he had to excel within himself and to respect others. Search for that strength of character to say no when necessary and stick to it. We, like him, will never be perfect but we will be happiest when we are striving for it.

As you finish your high school year, each of you will go on to bigger and better things. It may not seem so now, but it is true. We will follow you and pray for your strength and know that what our Chris was, lives on in you.

Chris' job is great, for he will be on call to help each of us to find the one good point we liked the best. All we have to do is ask.

Our Chris is Okay now. He has achieved the highest — being with his Maker. There is no greater achievement. He's finally reached it. Now it's up to us. Thank you all.

— Gary and Janice McDonald and family

# Best Wishes Dr. Halsey

## Dr. George Halsey

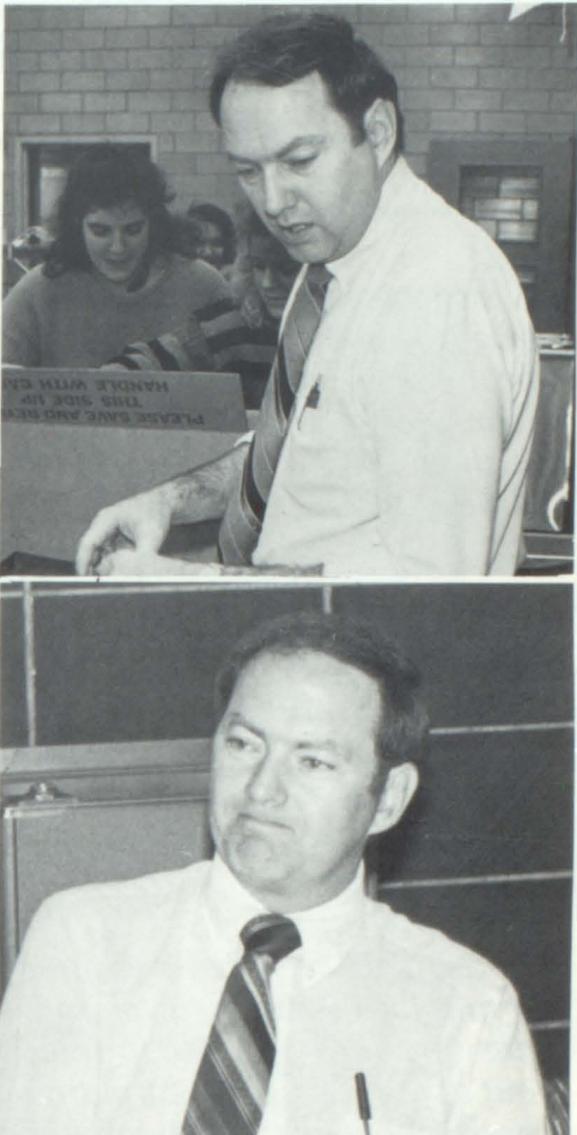

The class of '88 shall be the last to leave EHS having **George Halsey** as their principal for four years. After seven years of being the EHS principal, Dr. Halsey is becoming the administrator of both the Worden Elementary and the alternative school. He will have his work cut out for him just as we will, breaking in a new administrator.

Dr. Halsey received his Bachelor and Master Degrees in Education from Northeast University. He has an Educational Specialist Degree from Western Illinois University. His most recent degree, which he received this year, is his Doctorate of Education from St. Louis University.

Dr. Halsey has seen numerous changes in Edwardsville High School throughout his administration. He wanted to see a change in the exterior and interior of our building (which, for those who had to move around, realized the changes were being made). He also wanted to see an increase in graduation requirements. Most goals he set upon his arrival have been reached and some beyond expectations.

Just as we know he will miss EHS and the student body, we can feel confident that change means progress. We shall miss Dr. Halsey's presence and guidance in EHS next year. We can still hold on to the memories and carry on with improvements set into motion by Dr. Halsey through our new administration.

On behalf of the student body, the Tiger Yearbook staff would like to wish Dr. Halsey all the best in his future. THANKS!

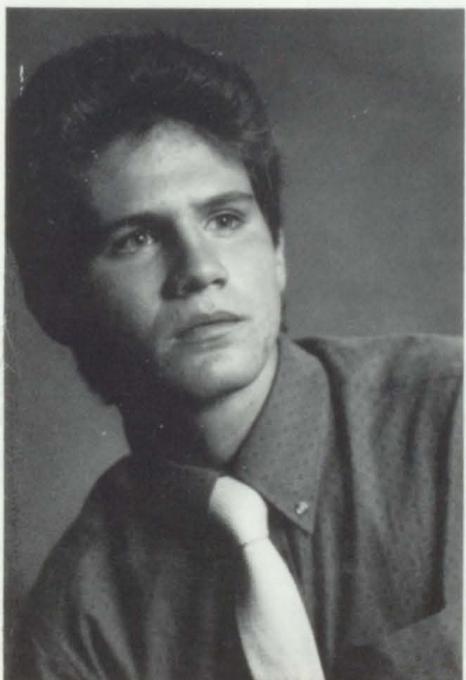

# Get Well Soon, Rick!!

**Rick Solomon**, a member of the Class of 1988 and the Boys' Basketball Team, has never been one to give up without giving it his all. Due to an auto accident, Rick was hospitalized and unable to attend the graduation ceremonies. We feel that Rick will be fine because he is a fighter and has the love and

support of his family and his friends.

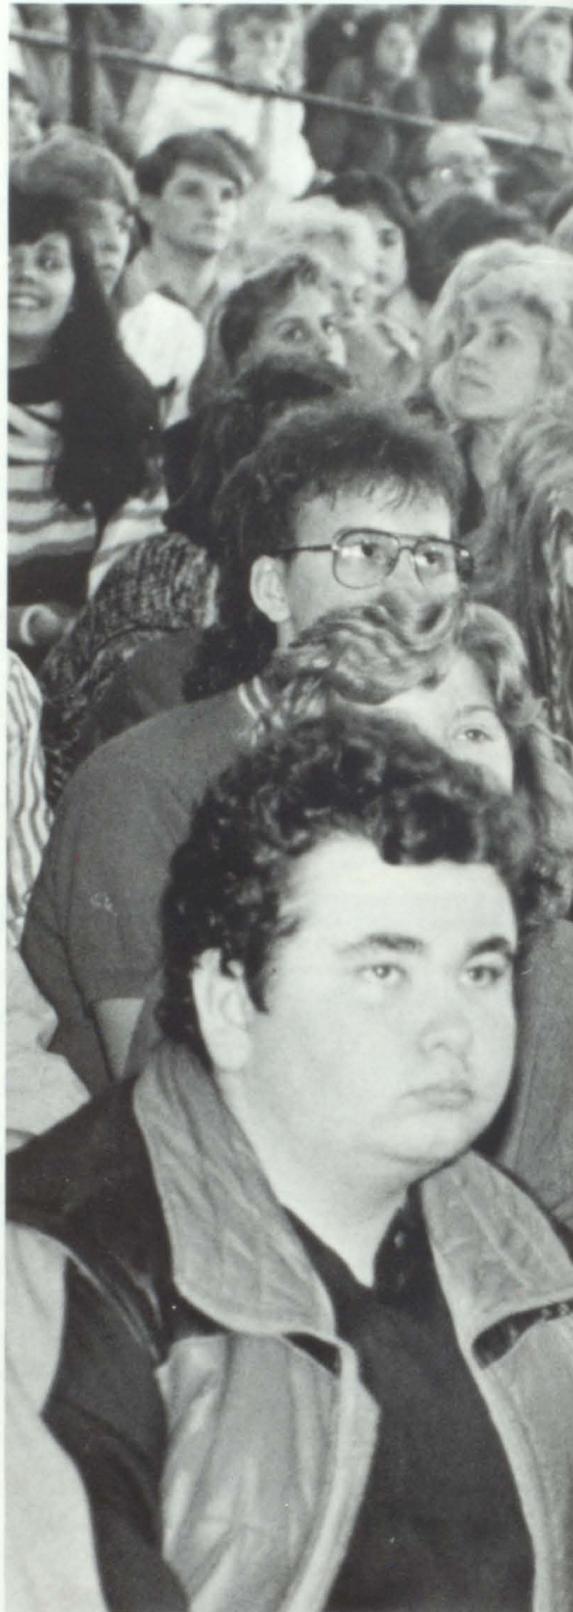

On behalf of the EHS student body, administrators, and the faculty, the Tiger Yearbook Staff would like to send our best wishes and prayers to Rick for a speedy recovery. GET WELL SOON, RICK!

# People

Forget the 1987-88 experience at EHS? Never! Nostalgia is something that we will all experience sooner or later and probably find remarkably acceptable (considering that we now look upon the age associated with nostalgic memories as a curse) when we have times like these to remember. We, for the most part, are still not considered as adults, and thus can behave as irresponsible as needed and still blame our mistakes and misdemeanors on our lack of maturity. And people accept this?!? We've learned to take advantage of this without becoming totally unbelievable, which can be considered quite an accomplishment. But more importantly, through all this, the majority of us have been able to keep our heads clear and not completely forget what is about to be thrown on us. The question, "Is there life after EHS?" is often posed, and within the next one to four years (or maybe more for those of us trying for the five year plan) we are all going to get an answer. But we can do it. If our parents, who graduated out of the 60's, and just plain out of it, made it through high school, we will do anything but short of that. Our quests and our pride — driven accomplishments have shown that already. We are a class that not only has already shown that we can hold our own in sports, academics, artistic talent, and creativity, but a class that has the thirst for future knowledge and a hunger for conquest and accomplishments. Believe me, it's there — it's just a little hard to see. In the KEZK filled halls a dream is beginning — or the effects of leftover asbestos! But even through the bad aspects of school, which mostly consists of school itself, it is easy to see something exciting coming. Future artists, musicians, geniuses, peace negotiators, maybe even president — actors may now roam the halls of EHS. Who knows? But what better time to start planning for world domination (or presidency of the local PTO) than the future. Strike the match, EHS!

# Seniors

*Being a senior has got to be the greatest thing in the world. We are at the top of the whole school. It is true that our classes have lost a lot of their importance and school has become even more boring than it used to be, but we have one thing that none of the other classes have: the promise that if we make it through this year, no matter how lousy it is, we get freedom, or at least a taste of it. There are a few distinctive downfalls of being a senior, though. A major one is that if we are going to be any sort of people at all in later life we have to start taking on more responsibilities, facing our faults, learning to cope, and becoming more independent. Now is the time we actually have to decide who we are going to be. Let's face it, our senior year is one of the best and worst times of our lives, but if we live through it we will have really accomplished something.*

## *Seniors*

Ah! We have finally reached our first awesome upperclassman year. We may "officially" drive to school and get that obscene orange parking sticker (or the more obscene neon orange parking ticket). Rushing in the morning after lunch to find a half-way decent parking spot makes things hectic. Yes, battling the traffic drive to lunch is a pleasure compared to eating in the cafeteria, A + W, or at the new Convenient Mart, a.k.a. E-z Stop.

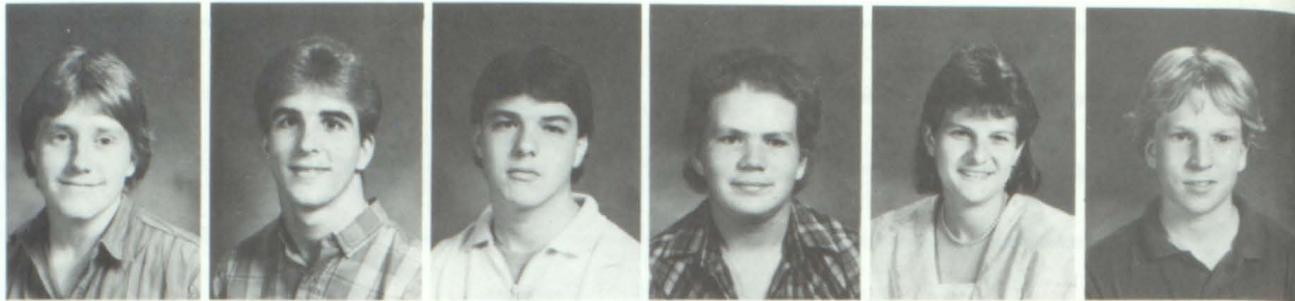

Our athletes took over Varsity spots compared to J.V. and Sophomore positions held last year. Our class is led by Rhonda Roth, President; Evannah Rouse, Vice-President; Jill Florini, Secretary; and Stephanie Rogier, Treasurer. Plans are being made for the Spring Prom, and counselors are reminding us of the ACT's, SAT's, and applying to colleges. Pressure to pass the all-important American History class, along with the U.S. and Illinois Constitution tests hangs over our heads.

We are looking forward to the fact we have one year left at EHS, but we are also reminded that we have only one more year to "let the good times roll!" We know the class of 1989 will leave the rest in awe and that our energy and spirit is something to take pride in and leave EHS to remember us by!

# *Sophomores*

*As Sophomores, we should all be laying the academic foundation of our lives, on which our future shall be built. We should be striving to reach and surpass our academic goals, planning for the ACT and the SAT, choosing a career goal, and setting our sight on a college or two. Yeah — Right! That may be what our parents and counselors say — but we know better!! This year, since we aren't Freshmen, we have more freedom, possible access to a car — (legal or not), more friends who are Seniors, and we have more of that required EHS partying spirit under our belts.*

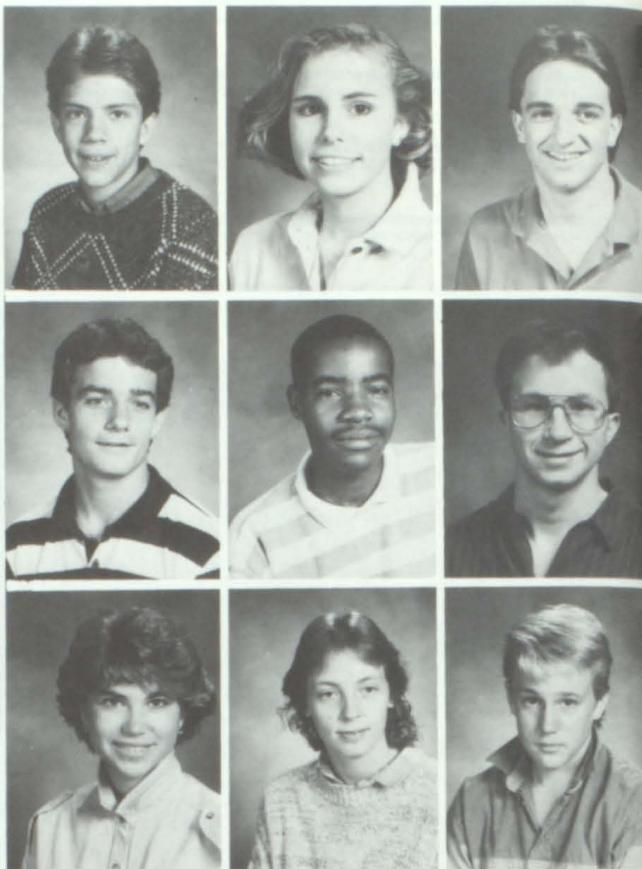

*This is the year we become PEOPLE! No more "Frosh!" jokes, insults, or embarrassing moments — like walking into the boy's (or girl's) locker room after asking a Senior for directions to the cafeteria! We are now respected — even looked up to by Frosh! People (Juniors and Seniors) listen to us now — they actually almost care about what we have to say! And to think, next year, everything will be even better, until finally, we become Seniors and are Cooler Than Cool!*

# *Freshmen*

*Being a Freshman has its good and bad points (mostly bad but that's beside the point). One really great thing about being a Freshman is not being a "jr. high kid" anymore. We can say we are **in high school!***

*But hey, what can we say? Is it our fault we were born that year? No, we don't think so! What can we do about it. Should we skip one year and just automatically become sophomores? We admit it would be very nice, but it's just not possible.*

# *Faculty*

*School is many things to us students. It is a chance to socialize and participate in the great sports program at EHS. It is also band concerts and orchestra concerts. It is even the crush in the halls and the smell of the locker rooms. Last but certainly not least, as the saying goes, it is our classes . . . Wait, aren't we forgetting something very important? Yes, how could we forget? School is also the faculty.*

*"Who are the faculty?" you ask. The faculty are the ones who make the school whatever it is to us. They coach our teams and teach our classes. They help us win and help us deal with losing. They make us think even when we'd really rather not. They make us ask questions and help us find the answers. The faculty is the backbone of our school. Stop and think: What would EHS be without them?*

## *A Strong Second*

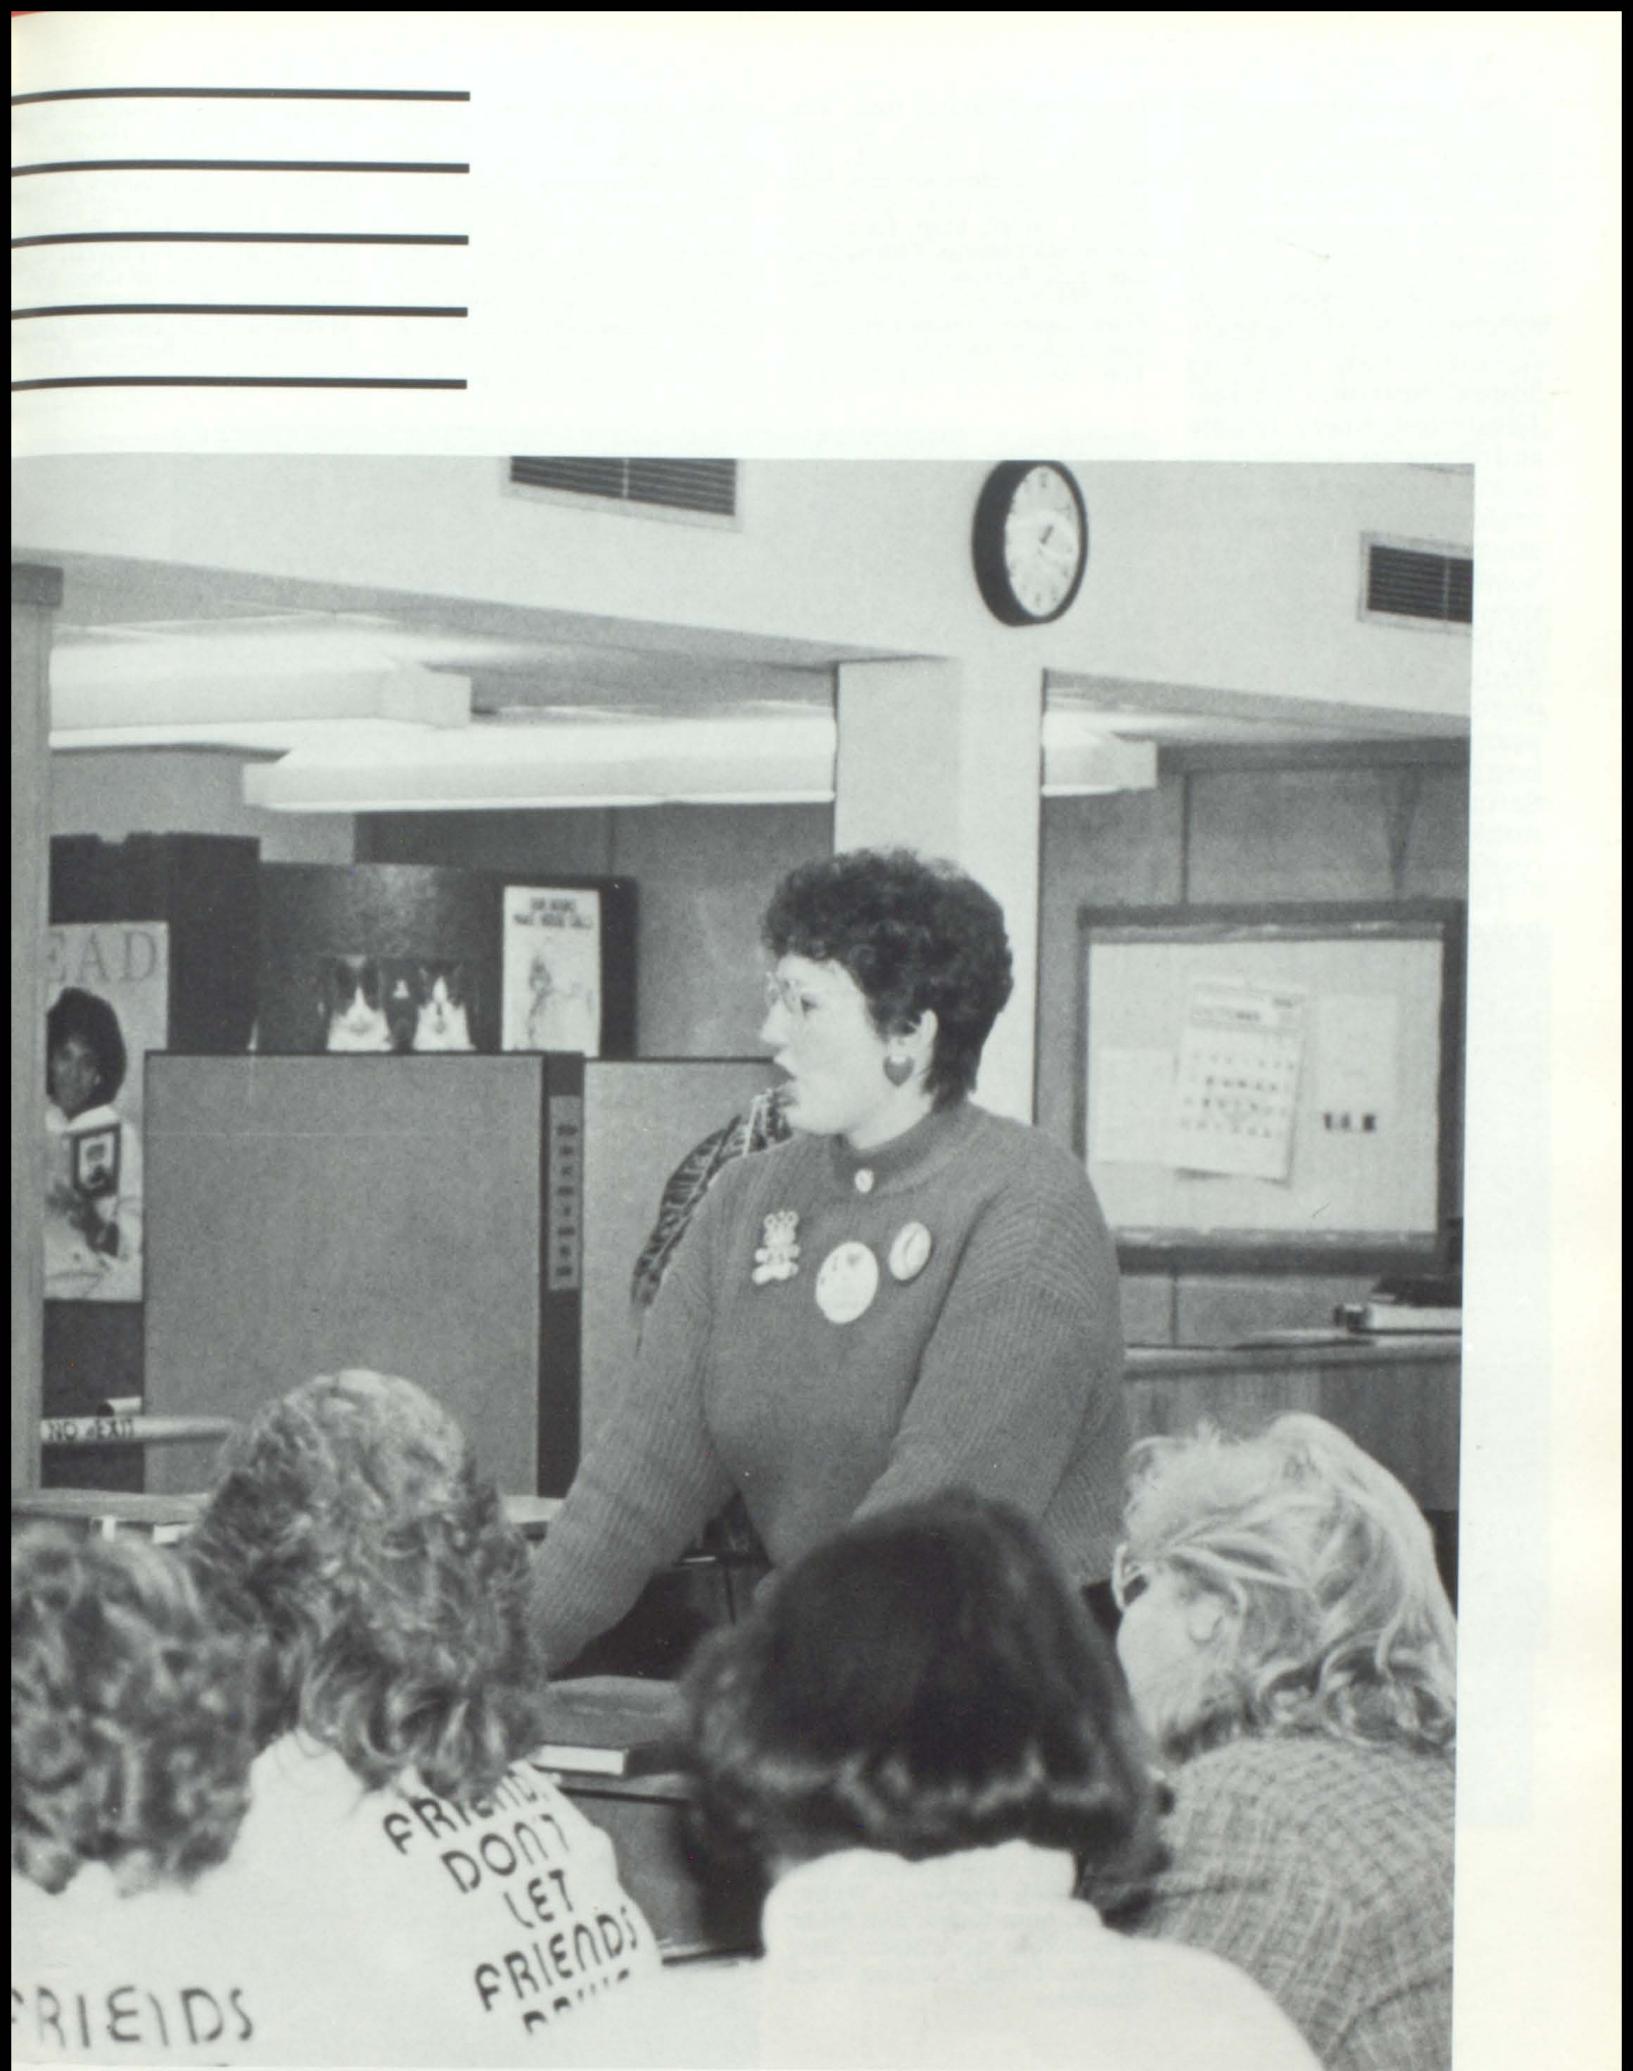

*It happens every year somewhere — someone or something comes in second place in a contest or a similar event. So in honor of placing second, behind the Sports, the EHS Yearbook Staff would like to present this award to the Organizations of our school . . .*

*Seriously now, the organizational groups and clubs of EHS do rank a strong second behind sports in popularity. Where all of the sports can be considered as a major river, the organizations are tributary creeks and streams.*

*The organizations represent what our school is really about, not necessarily the cut-throat competitiveness of the sports, but the fun, easy-going, social diverseness which is truly our school.*

This year's Drama Club has been very busy. First, the Fall production, "The Crucible" went very well. Second, the Christmas play "Partridge in a Pear Tree" was performed at neighboring elementary schools and nursing homes. Next was the ISU Theaterfest where Drama and Thespian members attended workshops and performances hosted by other schools. Later they hosted their own workshop for high school and junior high school students. There was also a performance for the Edwardsville Rotarians at a banquet. Finally, the Spring musical, "Oliver" turned out to be very successful.

The people who help make these performances possible are the student actors and actresses, the backstage workers and the teachers. When asked how she like working with the Drama Club, Mrs. Motley replied that she was "having a ball" and that she was very pleased with the outcome of the Drama Club's work.

This year's **Tiger Yearbook Staff** joined together to bring out the best possible 1988 yearbook. Many long hours were spent in writing, lay-outs, photography, and in the general publication of the book. The book was sold twice to enable the entire, student body to participate. Not only did the members construct the book, but the business staff held a Christmas fundraiser and kept publicity of the book high.

The many hours spent during this year helped to secure the yearbook as a credit worthy class for the years to come. From the typing to the final preparations, the entire staff, with two-year sponsor Mrs. Moore and editors Elizabeth Spencer and Tish Wurl, worked exceedingly hard on this year's book.

**Office Occupations** is a program in which Seniors gain valuable work experience in office-related fields. Participants in the program work in doctor's offices, and with such companies as Shell and Olin. For their work, students receive a salary and two credits for a full year's work. An Office Occupations class is taught by Mr. Salovich and meets daily at the school.

**Student Venture**, sponsored by Charles Finley, is the high school's equivalent to a church youth group. However, this group welcomes students of all religions. According to a member of the group, the members get together and discuss different religions and then they go on field trips that delve deeper into their topics of discussion.

Student Venture has also sponsored a hayride and a "film festival" of sorts this year.

This year's student council plans to do many things for the EHS student body. They are usually responsible for the assemblies. They also hold exchanges at other schools in the district. A school newspaper, "Scribe" has evolved from them. Other than this, many things have also been done, such as dances and fund raisers.

They have held quite a number of dances throughout the year. There was a "Back to School" dance and a Christmas dance. Spring dances were held. There was a "Black History" dance. There also was a community dance for anyone to attend. Then, of course, in October, there was Homecoming.

Student Council has held many types of fund raisers. A really good fund raiser was the canned food drive, held in November. Another was the blood drive. That helped a great deal of people out.

The Student Council hopes to gain the recognition of being an "Honor Council". They plan to attend state and district conventions. Some of the members will have to show good leadership in order to be chosen to go. Cecily Arenas

The EHS band and all its branches is a great organization. It is filled with a variety of wonderful, talented people and is directed by Mr. Rogers and Mr. Dempsey. The band and its directors are both extraordinary in the time and effort they put into band. Mr. Dempsey is especially great and deserves a lot of thanks.

The band has several different parts: marching band, symphonic and concert bands are what all band members must participate in, then for band members own time is stage band.

First of all in the school year is marching band. The marching

season is very demanding of the band members and the director, Mr. Dempsey's, time and effort. This season, as compared to other seasons, was better. The shows get more difficult and complex each year, and this year, as in past years, the band has performed fairly well. The only major complaint Mr. Dempsey had about this season was the lack of self-discipline. With more of this, a lot more could have been accomplished. One section that showed a lot of self-discipline by making themselves work was the flag corps. They worked very hard and accomplished quite a bit.

The most improved section was percussion. They started the season with quite a few Freshmen, two Sophomores, two Juniors, and two Seniors. They worked hard, and it showed as far as contest scores go. The all-around favorite band competition that the EHS Marching Tigers travel to is Busch Stadium for the remarkable feeling of excitement it brings out. It is a very memorable! Goals for the band in the future are to see the shows change every year and make them better, and to bring about a feeling of unity and pride in the band to make their already outstanding performances even better.

The second half of the year is devoted to concert season. The band is divided into symphonic band, the "high band," and concert band. Mr. Rogers directs the symphonic band, while the concert band is directed by Mr. Dempsey. The concert season for both bands is going fairly well and should continue to do so.

**Stage Band**, an entirely extracurricular activity, is made up of top individuals who audition for spots.

It's directed by Mr. Dempsey, who really puts himself into it. They all do it purely for their own satisfaction. This year the band has had several engagements — including a performance at a St. Louis Steamer's soccer game, the Pop's Concert, various pep bands, and several small community performances.

They are taking a trip to California to make an appearance at Disneyland. They have worked very hard for this honor. The Stage Band has had to do tremendous amounts of fundraising for their trip. They have done everything from massive amounts of mailing to local businesses asking for donations to selling pizzas to selling candy. They have achieved a lot!

Goals for the Stage Band in future years include keeping the excitement going and spreading it elementary school students to get them interested in band, while getting other high school students excited enough to put forth their effort the way that Stage Band members do.

The **Edwardsville High School Orchestra** has had a very exciting year. They were asked to perform at the Sixteenth International Youth and Music Festival in Vienna, Austria where they shared the first place award. They were one of only three groups to receive the Prize of Vienna.

While the orchestra was overseas, they visited many exciting places such as Munich, West Germany; Salzburg, the "City of Mozart"; the birthplaces, homes, memorials, and gravesites of famous composers such as Beethoven, Mozart, Schubert, Brahms, and Strauss.

The orchestra also visited radio stations where they performed live for all of Austria to hear. They also watched a performance of the Vienna Boys' Choir. The orchestra worked very hard to raise enough money to play at this prestigious festival by holding car washes and many other fundraisers.

Mr. James Richmond, the orchestra director, was very proud of the hard work and time that everyone put into making the trip to Vienna possible.

Taught by Mr. Norman Reuscher, the **Inter-Related Co-op** program is much like the other work-study programs offered here. It is for students who are interested in careers in the industrial or agricultural fields. Participants in the program receive two credits total — one for the related class and the other for their on-the-job training. Students work a half day at a job related to their specific field of interest, such as: horticulture, welding, electronics, plumbing, manufacturing, drafting, small engine repair, mechanics, carpenters, and aeronautics.

Mr. Dave Cooper, who will be in charge of the co-op next year remarked that the program offers students the valuable opportunity of experiencing what the job would be like before deciding on making a career out of it.

**DECA** is a full year cooperative work program designed to prepare students for entry level jobs in the field of marketing. Students receive two credits — one for classroom instruction, and one for the on-the-job training. The students are paid for their work at their place of employment. Participants in the program attend school for only half of the day. While on the job, the workers learn about basic business awareness in the community. The students also learn how to relate to people and earn money while gaining valuable work experience.

**The French Club** is a Social Club that consists of approximately thirty members. Anyone who is interested in the French culture and language many join. They have done things for EHS events, gone on field trips, and held fund raisers.

Members enjoy going on field trips in order to experience French culture. They also attend French plays. In the past, they have traveled to St. Genevieve, Fort Chartres and many French restaurants and shops. In order to do all of this, fund raisers are held.

Along with the other clubs, the French Club holds an International Dinner. The International Dinner consists of foods from various cultures. Many people come to this and experience different types of food.

During Homecoming many different clubs contributed for Homecoming. The French Club made a float for the parade. Many hours were spent working on it.

Participants in the club worked long hours building the Homecoming Float entitled "Sock It To 'Em," The International dinner was enthusiastically worked on with the unfortunate snow storm disastrously cancelling it. In the spring the much loved

Gummi Bears are sold with the supplies diminishing quickly.

German students this year will be taking a cultural trip to Germany to experience the many aspects of the German culture. Anyone who has taken the language for three or more years is qualified to go on this unique trip.

**The Literary Magazine**, sponsored by Mrs. Head, is having a busy year. In addition to the annual poetry contest, the Magazine is holding a short story contest open to all students. Also, a few of the Magazine staff members, along with Mr. Symanski's class, the foreign language clubs, and a few others are planning an eleven day jaunt through England, Scotland, Ireland, and Wales this summer.

Regardless of how busy the Magazine staff will be this year, they are still going to publish the annual collection of short stories, poetry, cartoons, and illustrations.

## History Club

This informative club is open to all students. Their project is that of the "World View Newsletter," a newsletter dealing exclusively with foreign affairs. This interesting piece of work contains, crosswords, political cartoons, opinion editorials, word-searches and "fun type quizzes." The newsletter is not biased and it pokes fun at both the liberals and conservatives. This very different newspaper holds interest for all types of people.

As an organization, SADD does not intend to stand in judgement or condemn anyone who chooses to drink. Our message is — please do not drink and drive. The choice you make is personal and it is yours. We only ask that you consider the people affected by your choice. When you drive drunk you could permanently maim or kill yourself or a friend. A careless mistake while driving drunk can also affect the lives of innocent victims in other cars, bringing grief to friends and relatives.

SADD is approaching its busiest time of the year starting with Alcohol Awareness Week, which is the week before Prom. SADD plans many activities to generate attention to our message. During the week there will be a poster contest, a scavenger hunt, guest speakers that will bring us a message at school assemblies, a door decorating contest, and on Prom Night — a Safe Ride Program. The Safe Ride Program is conducted with our motto in mind: "No speeches — just a safe ride home — no questions asked." If you have been drinking, we will provide transportation from anywhere to anywhere, no questions asked. We also hosted our second annual Spring Dance in April at the Moose Lodge. The band that is to provide music this year is Straight Curves.

This year SADD sponsored the visit of the founder, Robert Anastas, who spoke to us at an assembly. We had a hayride, a lock-in and a Pepsi assembly. The Edwardsville Chapter of SADD was started in 1983 by Ms. Doris Dankenbring and Ms. Sherry Skelton. Visitors and new members are always welcome.

# *Sports*

**Sports.** Most high schools have them and few can survive without them. Sports can bring an entire town together and show the outside just how much spirit some of the other people have. Many people come to sports events because they enjoy watching the high school kids get together to play as a team. But sports aren't always just fun and games. The players must come to the practices, learn the plays, and most importantly, get good grades.

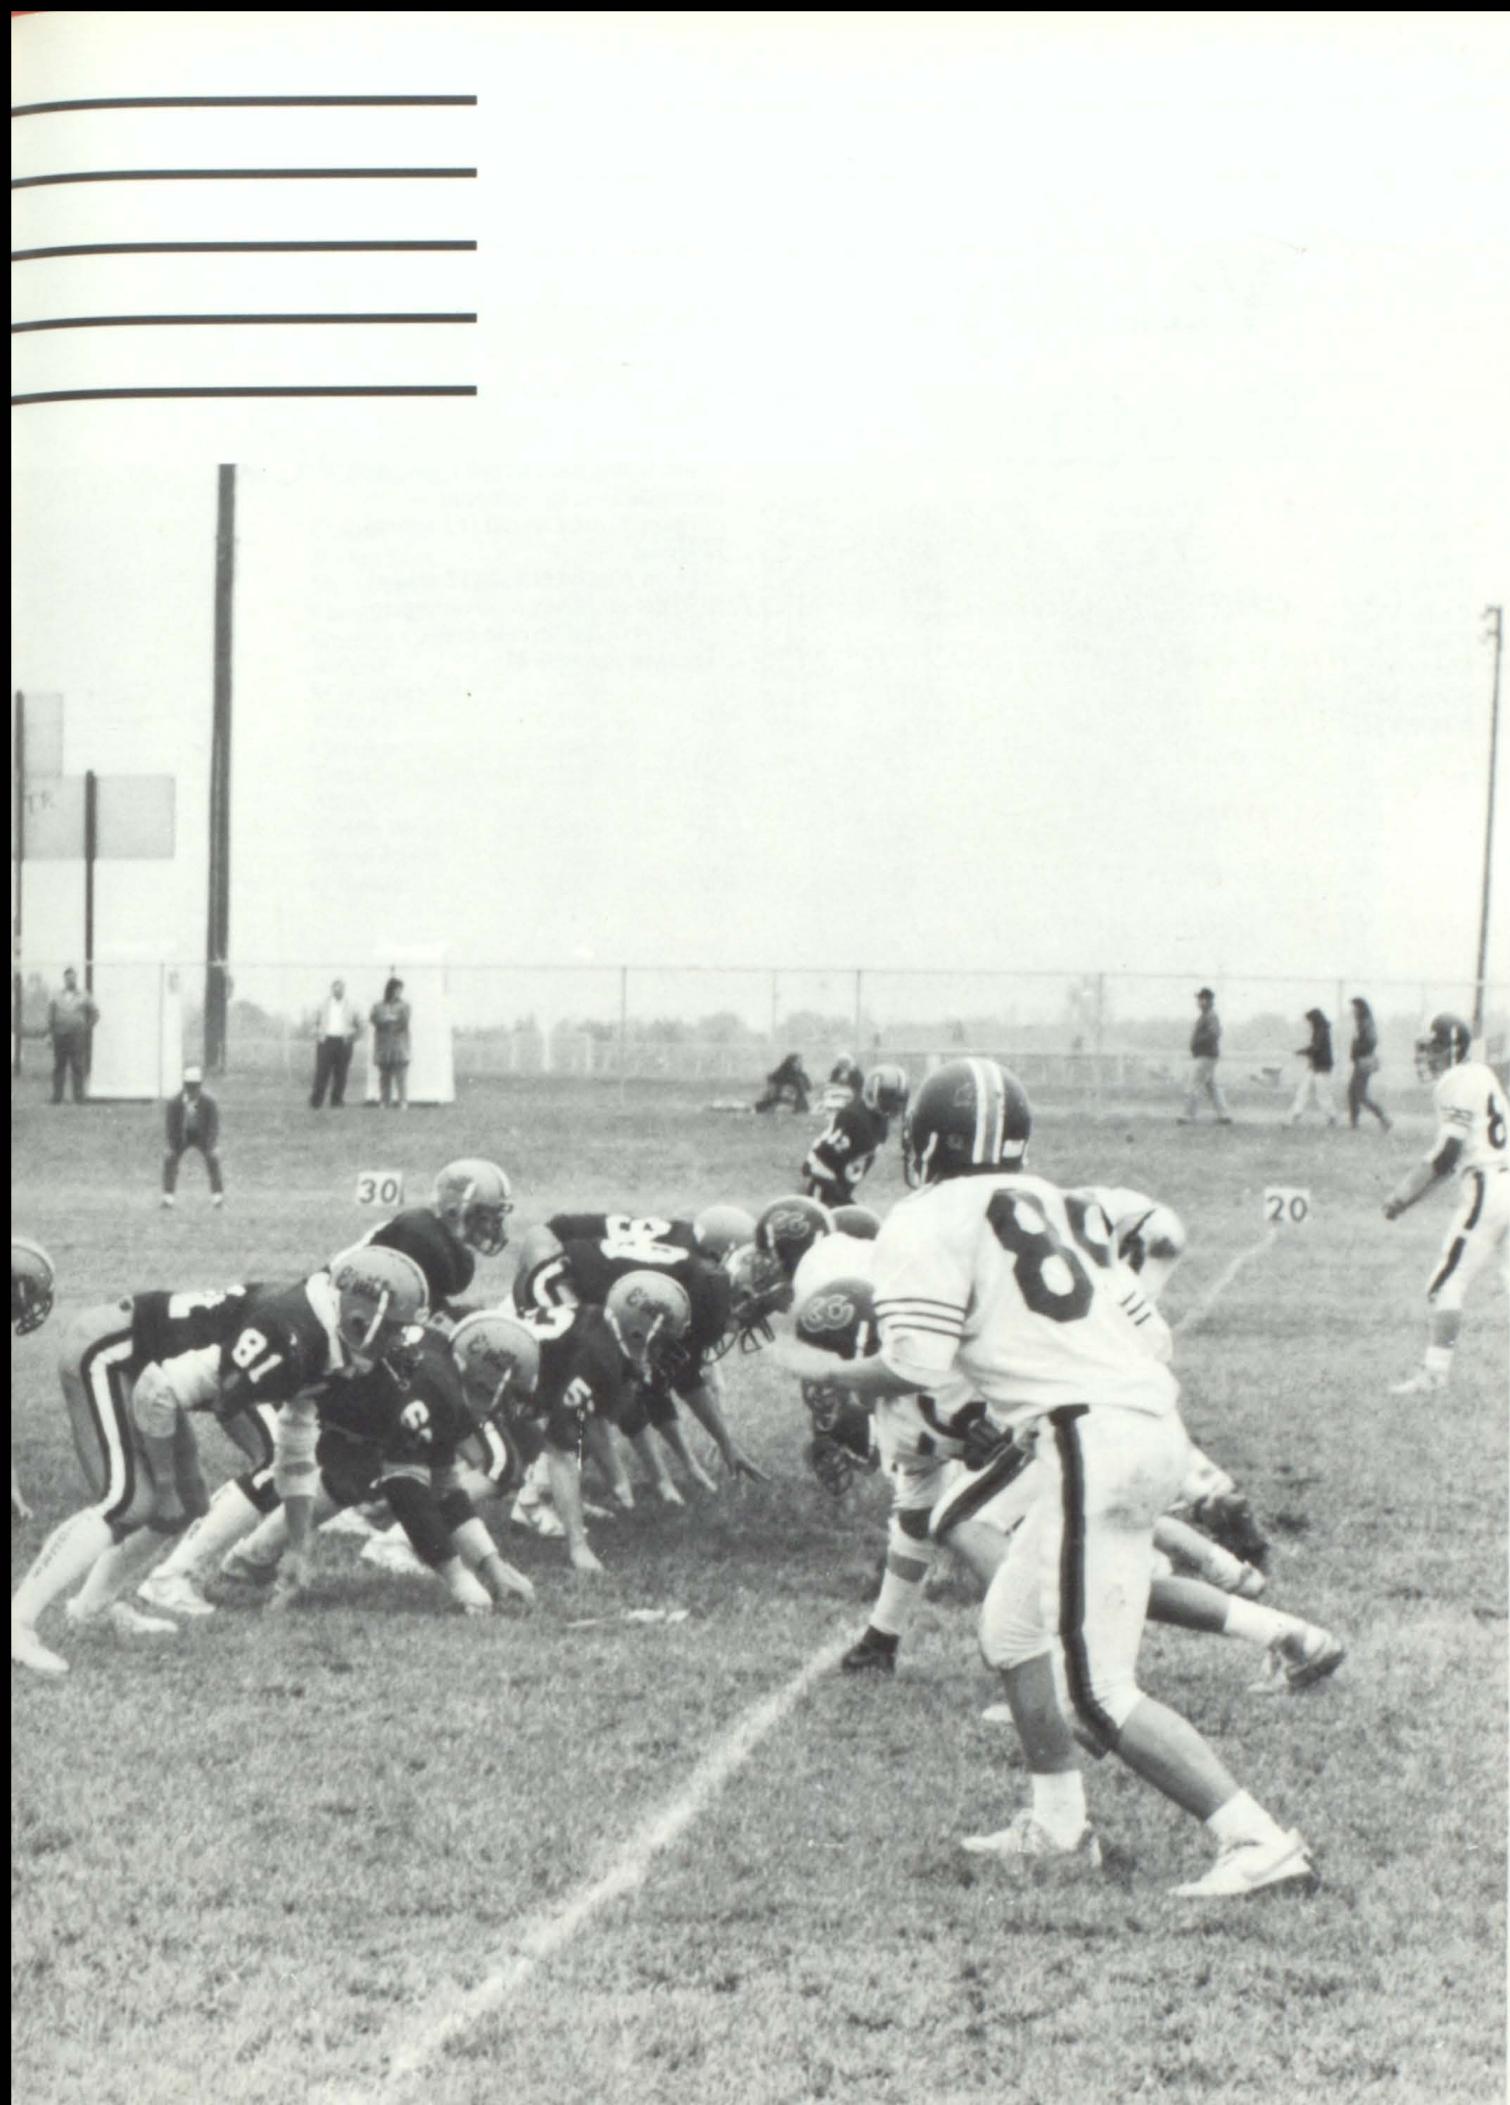

Many people don't want to admit it (or just don't know it) but most "jocks" are smarter than they <sup>David Wightman</sup> think. It takes quite a bit of intelligence to be able to call out a series of numbers or yell "wheel" and have every player immediately where they are supposed to be and do what they are supposed to do.

Participating in sports can also lead to creating a better future for a player, if he gets a college scholarship. But first he or she must play exceptionally well.

Even if they aren't the leading scorer in that particular sport they can always look back on their high school years and remember how much fun they had playing on that good old high school team.

Taking into consideration the number of players (11 by the end of the season) and all of the injuries sustained by those players throughout the season, the **Sophomore Football Team** did well this year. As individuals, the guys contributed long practice hours and a lot of hard work to come up with a team with a record of 4 and 3.

As a result of the small team, Todd Schuerman feels that he and his teammates "played more as a team." He also feels that by the time the Sophomore team plays Varsity (as Seniors) that their performance as a team will be better.

Coach Greg Wolk described the Sophomore team by saying, "We suffered a lack of numbers, but we didn't suffer in determination or desire. This was a

hard working group and many players will contribute to the Varsity program next year."

At the Fall Sports Awards Banquet, Coach Wolk named Kevin Acra as the Leading Passer, Demond Hunt as the Leading Rusher, Darin Dunnagan as the Leading Tackler, and Jim Powell, André Williams, and Todd Schuerman as the Leading Receivers. Chad Sanders and Tom Harvey were named the Best Offensive Linemen and the Best Defensive Linemen were Elmo Tumaliuan and Ken Lopretta.

Due to the lack of players, there was no Junior Varsity Football team for the entire season. The first (and last) game they played was against Roxana in which Edwardsville won 14-2.

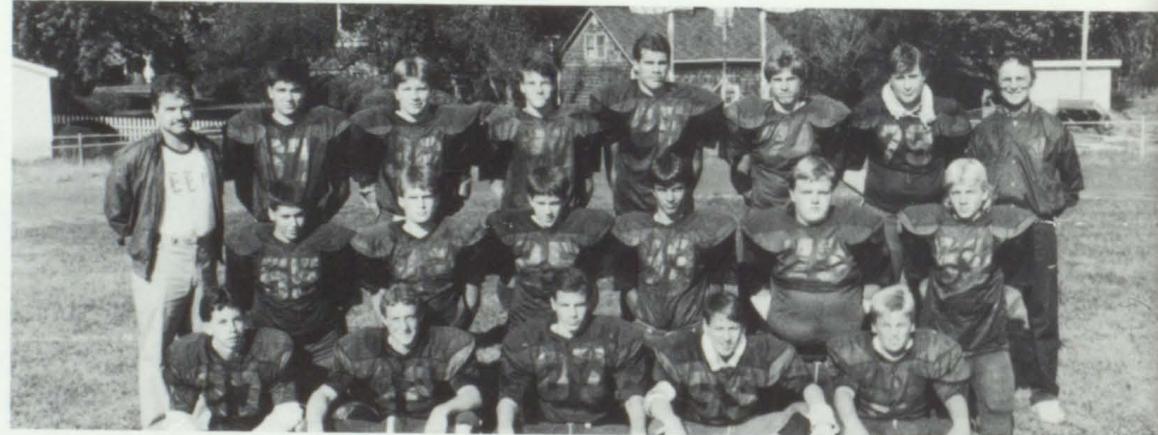

This year's **Freshman Football Team** was the smallest team EHS has had. The team ended the season with eighteen players. Their record was five wins and three losses.

The team was impressive in that they never gave up, no matter what the score. They made great comebacks and came from behind in four out of the five games they won, including their win against Alton with a score of sixteen-fourteen. In this, their most memorable game, they scored eight of their points in the last minute. That is pretty incredible!

When asked about individuals, Coach Stahlhut listed these: MVP was J. J. Scerba who had 101 tackles; best offensive player was Jasen Hien with 946 yards rushing and fifteen touchdowns, and last but not least Coach Stahlhut listed Derek Baugh as most dependable.

This year's **Varsity Football Team** had a very good year. They won many games and had a number of outstanding plays. No matter how far behind or ahead they were, our guys always did what they could to win, putting forth all of their power to win for the team and Edwardsville High School. We're proud of our team. Way to go guys!

Coach Louer named Brett Coffey as Most Valuable Player, Blake Hilla as offensive MVP, Sean Nolan as defensive MVP, and Dan Rose as the most improved player.

Row Two: André Williams, Darin Dunnagan, Tom Harvey, Jason Adair, Wade Schuerman, Bill Wegrzyn, Demond Hunt, Jim Powell, Ryan Kennedy.

Marc Tuttle had the most touchdowns, Brett Coffey had the most tackles, and Dan Rose ran the most yards for the team.

Two area newspapers, the Belleville News Democrat and the St. Louis Post-Dispatch, bestowed post-season awards on four players from Edwardsville. Brett Coffey was named to the Democrat's first team as a Linebacker and also to the Post-Dispatch's All-Metro East first team as a Linebacker. Rob McNally was named to the Democrat's second team as Quarterback and was the Honorable Mention Quarterback on the Post-Dispatch's team. Marc Tuttle was named as the Belleville News-Democrat's third team receiver. Blake Hilla was named as the Democrat's and Post's second team Tight End.

Several school records were also set this year. Receiving records for both receptions and yards were set by Marc Tuttle and Blake Hilla, and Rob McNally set passing records for attempts, completions, and total yardage for games, season, and career.

With a season record of 5-4, and all the awards and records, the players and coaches had a great year!

What started off as a slow season for the **Freshman Soccer Team** ended up as a real team effort by the second half of the season. The players impressed Coach Fayollat with their teamwork even though, according to him, the team had no real superstars.

One offensive player felt the team was not too good, but that they played well anyway. He also felt that all of the practice (this year and next) will help the team to play better in the future and improve their record of 2-3-3.

Tstume Sato was named both defensive and all-around **MVP**. Mike Jennings was named the offensive **MVP**, and Mike Biver received **Tiger Spirit Award**.

The Junior Varsity Soccer Team had a great season in terms of player attitude and ability. Their record was 6-7-1, and Coach Joe Symanski seemed very pleased.

"The Junior Varsity team scored 28 goals compared to the opponents 17," he said. "Goalie Mike Paulsmeyer had 97 saves for the season, and the high scorers were Peter Hulme, John Pile, Greg Morrison, and Dan Pitman."

Greg Morrison agreed with Coach Symanski saying, "It was a good season; we had a lot of fun and Mr. Symanski is a lively coach. After the first game (against Collinsville) I realized that we had more ability than I originally thought."

Phil Siglock thought that they all worked well together as a team, but Mike Paulsmeyer got more indepth to say that the season was "a lot tougher than last year — we played tougher

teams, but the games were closer. We were one step away from a really great team, and a player or two short of being a dominating team." Defensive player Lance Bonney thought the team had a strong defense, although he also thought the offense needed a little work. However, Lance said that when the team puts it all together next year, "Varsity will be great!"

Coach Symanski also said that the J.V. team had "an outstanding defense this year with Steve Gnojewski, Jason Sobkowski, Scott Bailey, Lance Bonney, and Phil Siglock."

The Most Valuable Players were Greg Morrison for offense, Steve Gnojewski for defense, and Mike Paulsmeyer was the All-Around MVP. Tom Detienne received the Sportsmanship Award.

Cyndi Trueman

This year the Varsity Soccer Team finished its record breaking season with 15 wins, 4 losses, and 1 tie. Among its many highlights was an all-state forward, most goals scored in a season (24), most shutouts in a season (9), and most career goals (44). This year's Most Valuable Player award went to Kort Cole, the Most Valuable Defender was Dan King, and the Most Valuable Offensive Player was also Kort Cole. Coach Dwyer says of the players, "This team wasn't the most skilled I've had, but they played as a team. They never lost their poise and showed good character on the field." The team's senior goalkeeper, Rich Greenhill, says, "The reason for our success was an all-around team effort. We always seemed to come back in the fourth quarter. This team just wouldn't give up." The team captains, Kort Cole and Jason Krapf, also had opinions on this year's success. Says Kort, "This team was the best that Edwardsville has ever had. It was a . . . of a team." Jason states that, "Team work was a big part in our many victories. We really worked the ball to each other better than our opponents." With all their accomplishments and players like those, Coach Dwyer can certainly be proud of this 1988 season.

**The Varsity Field Hockey Team** traveled through a transition season this year, one in which much experience was gained. The girls ended the season with a record of 6 wins and 9 losses, yet this does not show how they matured individually and as a whole team.

Coaches Sharon Petty and Dave Tissier pushed the field hockey squad to put forth their best effort, emphasizing that the experience each girl gained is more important than the final score.

Coach Sharon Petty comments about the varsity field hockey team's season: "We played tough teams extremely well, but came away with a number of one point losses rather than victories. The team played with a lot of heart and determination-qualities that will make them a winner in life."

The addition of the Edwardsville Sports Complex provided a much needed area for practice and competition. It also seemed to draw more spectators during the field hockey season.

The five seniors Kara Barton, Nancy Cutler, Elaine Denney, Christy Ruyle, and Melanie Traxler will be missed for their skills and their leadership abilities. This season was one of growth and change, and it should provide the basis for an improved hockey squad.

Jenny Johnson

**The Junior Varsity Field Hockey Squad** was so large this year that it was possible to have a Freshman team. This shows a growing enthusiasm for field hockey among those who are new to EHS.

Commenting on the two younger teams, Coach Sharon Petty states: "The JV Squad was very young and inexperienced considering our competitors, but the team learned the skills necessary to become a good hockey team by the end of the season. This was also the first year to have a Freshman squad. They worked hard and

played well. Since most of our competition has a couple of more years experience over us — we felt very good about this year's JV and Freshman squads and progress."

Both the JV and Freshman field hockey teams played very well. Often losing by small margins and surprising their toughest competition with their newly acquired skills.

The experience the girls gained this past season will be necessary for the higher levels of competition they may face next season.

Jenny Johnson

The Freshman Volleyball Team ended with a complimentary record of 8-9. They won two big games early in the season against Granite City and Belleville East. Melissa Dorsey showed as a well-rounded player in serving and spiking. The outstanding setter turned out to be Tammy Isenberg with Kathie Gusewelle being a strong server and spiker. Gretchen Kovarik's outstanding saves helped the team out many times. The other starters, Stacey Born and Julie Stahlhut, were good, consistent players. Laura McKane helped the team maintain their spirit and was awarded Most Spirited at the end of the season.

This year's coach Ms. Jacobsmeier, in her first year, enjoyed the girls and loved their patience with the game as well as with her. "The girls played truly shocking," comments a well-satisfied coach.

This year's **Volleyball Team** had one of its best seasons ever. That team made it to the Regionals and played tough in every game. The Varsity team ended with an outstanding record of 22-4, winning the Wood River Tournament and coming in second at the Edwardsville Tournament. The Junior Varsity team followed the awesome display of Varsity with an exceptional record of 12-6.

Amy Nelson leads the school in all time service points and was named to the All-Metro team. Kara Eden was leading all-time blocker and setter for three and one-half years. Varsity starters also included Denise Isenberg, Sara Schreiber, Jennie Wiemers and Sue Meyer. Other outstanding players include Michele Schaeffer, Courtney Ward, Lisa Buckley, and Michele Hayes.

**The Boy's Cross Country Team**, coached by Jim Price did surprisingly well considering the number of first-year runners that went out for the team. Although the team did not keep track of its standings in the invitationals, the runners did very well. Stefan Hornberger was the only sectional qualifier while Trevor Williams, a freshman, did exceptionally well this season. Coach Price is hopeful the team will only get better next year. Stefan Hornberger received the M.V.P. award, Doug Gilbert received the Varsity Spirit award, and Eric Cremer received the Junior Varsity Spirit award.

This year there was not

an actual **Girls' Cross Country Team**. There must be five people to qualify as a team, and the season started out with five. Many of the girls dropped out, leaving the team with only two Freshman runners, Danielle Langston and Shayna Gocken.

The team trained by running several miles every day, even in sweltering heat. They started out by running long distances at a slow pace, then gradually speeding up the pace. Occasionally they would run short distances at high speeds. Their longest run while training was about six miles.

The actual season started at the beginning of the school year and continued

until early October. Regionals are in mid October. The girls ran nine races including the regionals. The races consist of two miles for girls in Illinois and three in Missouri. Both Danielle and Shayna did well enough to qualify for the regionals. Shayna finished 8th and Danielle placed 11th. This is impressive considering they are just Freshmen.

Jim Price, the coach, was very supportive and helpful during Danielle and Shayna's first cross country season.

Danielle and Shayna both received the Spirit Award for the Girls' Cross Country team.

**The 1987-88 Swim and Dive Teams**, coached by Mrs. Ann Gregor, was relatively small compared to years past. The swim team had three members and the dive team — Edwardsville's first — was composed of one member. Although no one went to the State level of competition, the teams did very well over-all at their first meet, the Sectional in Springfield. Shannon Moss placed 2nd in the 100m breast stroke and 4th in the 200m Individual Medley; Greg Organ placed 7th

in the 100m backstroke; and Erin Celuch placed 6th in the 100m breast stroke and 8th in the 50m freestyle. Edwardsville's first and only diver, Jill Glaser, placed 3rd.

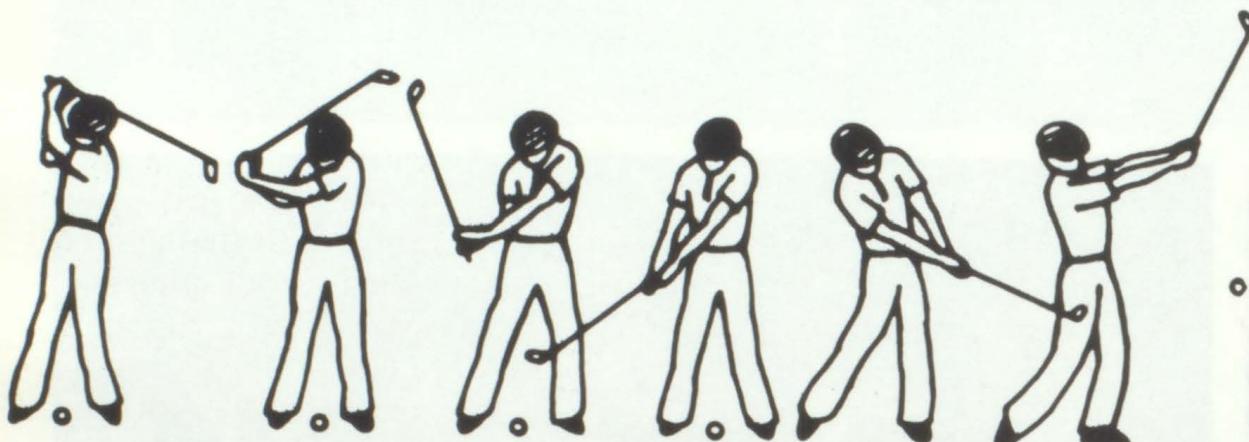

When asked, Jill said she felt "special to be the first diver" at EHS, and that she gained a lot of experience this year.

Mrs. Gregor said she would have liked a state qualifier, but they all did well and will hopefully be back next year to try again.

**The Girls' Golf Team** did very well this year with an average of 47.01. They were undefeated and won the sectional and regional tournaments, and then went on to rank 5th at State.

Their MVP was Leann Vandiver. The team's best victory was "probably over Lafayette" said Coach Dick Gerber.

Coach Gerber and Coach Paul Lancaster both said this year was an excellent team, although they had problems at State. They plan on placing 1st next year and if they play the way they did this year, they should.

**POINT!** Our Girls' Tennis Team heard this over and over during this year's season. With the help of great school spirit and Mr. Joyce, the new Girls' Team coach, our team went to Sectionals. Most of the players on the team are relatively young, with only three Seniors. Our team ended the season with a 6-8 record. Even with her injured knee, Laura Lewin was the team's M.V.P., Mamie McCarthy was voted the Most Improved, and Jenny Little was voted the Most Spirited. Karin Garby and Erin Hunter won the most games for the season.

**The EHS Pom Pon Squad** consists of sixteen members. Grades eight through eleven may try out for the squad. Tryouts are held during the spring every year. They perform at half-time during football and basketball games. Sometimes they perform in community parades. They also perform at school assemblies.

They belong to the Illinois Drill Association. The Illinois Drill Association sponsors all of the regional competitions. EHS competes three times yearly in regionals. They also have placed quite well in them.

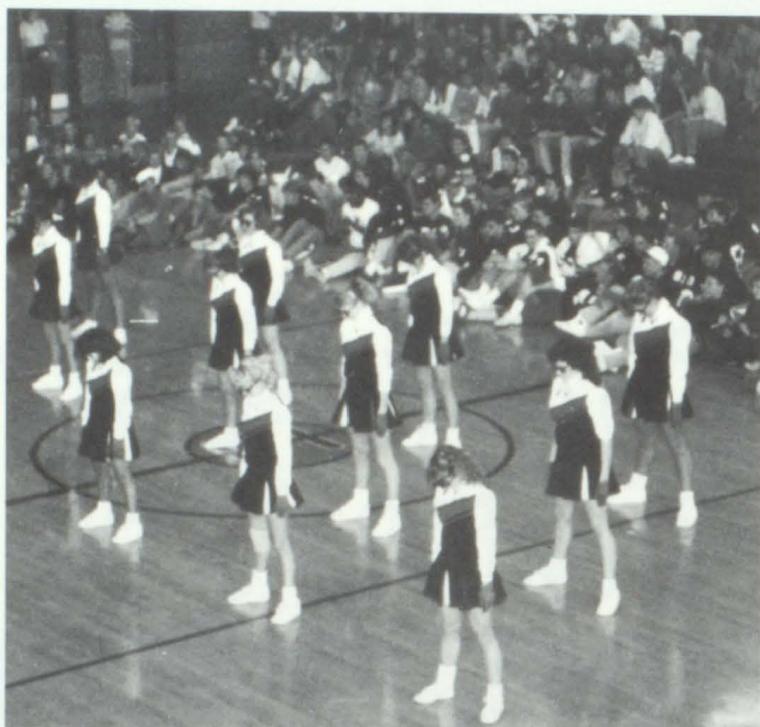

So far, the squad has placed first in the Althoff regional in the "kick" category. They made second place in Jacksonville and were rated superior in the "kick" and "dance" categories. Since they did so well, they get to go to the state competition. On March 12, they will go to state and perform in the "dance" and "kick" categories. The sponsor, Mrs. Beal, has put forth much time and effort in helping the EHS Pom Pon Squad perform successfully.

The 1987-88 **Varsity Cheerleaders** began their season in preparation for competing in the largest National Cheerleaders Association (NCA) camp in the U.S. located at S.E.M.O. Preparation included many hours of work throughout the summer months (up to six hours a day). As a result, the squad finished in the top seven squads of 92, received several blue ribbons, and a spirit stick. Both Evannah Rouse and Kierstin Gullicksrud were chosen to compete individually for the All-American title of which Kierstin received the honor. The squad took 1st place at the NCA Regional

Competition in Normal, IL; thus qualifying for the NCA National Cheerleading Competition in Dallas, Texas. In addition, the squad placed first at the Jamestown Mall Competition and second at the Salem Tournament in which Susan Metzler was chosen best cheerleader. Overall, the squad used their talents and abilities to raise the school enthusiasm throughout the football, basketball, and soccer seasons. The Varsity Cheerleading squad would like to thank Tricia Scerba (manager) and Mrs. Gullicksrud (sponsor) for their time and efforts.

This year's 1987-88 Tiger Wrestling Team wrestled exceptionally well. They ended the year with a record of 25-3, and became the Regional Champions for the first time. The team also set a school record for the most dual meet victories in a season, 25. Coach Stahlhut named Ronzell Williams and Rich Dunnivant this year's Most Improved Wrestlers. Trevon Williams was the team's Best Wrestler. He set a school record for the Most Victories in a season, with 37, and was also a state qualifier.

Kelly Parker

"I'm proud of their academic achievements as well. Quite a few of these young men were on the Honor Roll," states Coach Butler of the **Freshman Boys' Basketball Team**. Anybody who's ever played basketball or is involved in any extracurricular activity knows what an achievement this is. The long, hard hours of practice, not to mention games, and upkeep of academics standards becomes a real struggle, but these talented individuals pulled it off.

Coach Butler was very proud of the team's ability, and said that the "B" Team was great to coach.

The Boys' Varsity Basketball coach, Mr. Vallino sees next year as very promising, although their record this season of 9-15 was nothing to hang their heads about. They had many exciting games this year including their toughest, a game against Belleville West. While they did lose this game, one must remember that they were missing three of their starters and against many odds, lost to a twenty game winner by only two points. Not bad, guys! Their best offensive player, also one of their tallest along with Rob Harris at 6'4", was David Sherrod. He averaged fourteen points per game. Their best defensive player was Tony Lockett. They have many players with the promise of being outstanding in their Senior year. The team has tremendous spirit and unity which we hope will bring them a sensational winning season next year.

Lisa Schott

When asked about best offensive and defensive players, he said that they played as a team. There was no "best" players. He also remarked on their outstanding team spirit.

Their most memorable game was beating Belleville West with Jeremy Hays' "turn around jump shot" with eight seconds left. They had a major disappointment with Althoff. After leading the whole game, they lost by six points. They finished the year better than expected. The "A" Team had a record of 17-6 while the "B" Team's record was 11-3.

The J.V. Boys' Basketball Team had a record of 8-10 this year. They were a young, fairly small, but very competitive team. They had great spirit and team unity. Their most exciting game was against Althoff, where they won with an excellent last second shot by Jim Gusewelle. Jason Heien was their leading scorer. Their best defensive players were Mark Little and Tim Funkhouser. Gerald Bradford led in rebounds. Kevin Paur was the most improved throughout the year. Coach Wolk also commented that they will improve as they continue to mature physically. They promise to make an outstanding team in the future.

Lisa Schott

When asked about this year's **Girls' Freshman Basketball Team**, their coach, Mr. Pile, used one very descriptive word: **BEST!** They had an extremely impressive record of 12 wins and 2 losses. This was outstanding! They averaged 49 points per game and gave up only 27 points per game. Their great offense was due largely to Missy Dorsey, who Mr. Pile said was their best offensive player. Their best defensive player was Briana Smith, who deserves this title. He also mentioned Kathy Gusewelle as having the most assists. Joie Lyles was another outstanding individual with a large number of steals. Their most memorable game was their hard-fought victory at Belleville East. This was a great game that reflects their successful playing season.

Lisa Schott

The 1987-88 **Girls' Basketball Teams** had a fantastic year. The Varsity team finished the season 24-5, setting a school record for the most wins in the history of EHS. This year was their fourth straight 20 win season, and their fifth straight year to win a Regional title.

The toughest game the girls played was against East St. Louis. We beat them twice — the first time any team has beat them twice in a single season.

Senior Amy Nelson had an excellent year in basketball. She set the state record for the most assists in a career with 716 and was the first EHS girls Basketball player to be named

Row One: Michele Meyers, Tia Betts, Kathy Gusewelle, Briana Smith, Carla Howell, Carma

in All-State. Amy was also the leader in points (478), assists (284), and steals (160). These were all single season records.

Cara Edan and Jamie Schwear also had a great year. Cara set the school record for the most rebounds in a career (720), and the most rebounds in a single season with 342. Jamie led the entire St. Louis area by making 84.1% of her free throws.

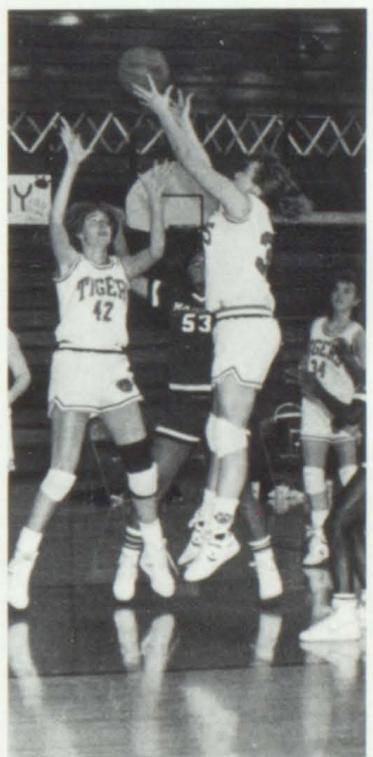

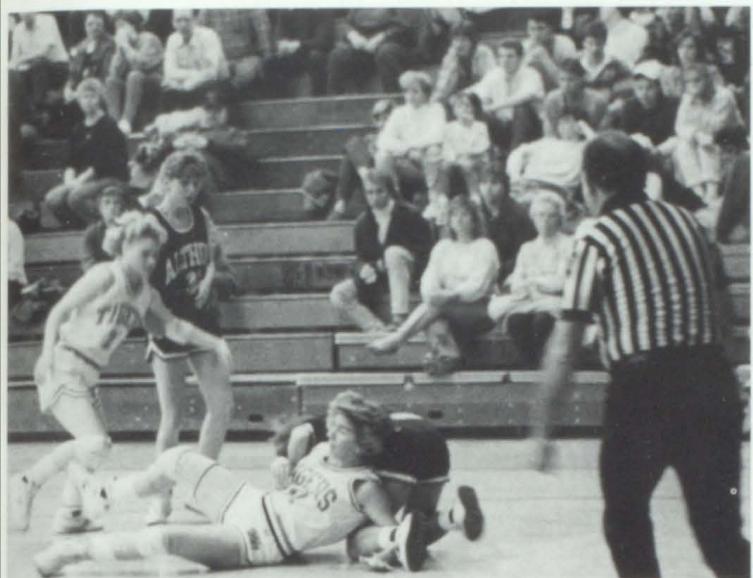

"This team finished 11th in the state of Illinois and won 17 straight games, but most of all, we had fun being together," comments Coach Dave Tissier.

(The Girls' J.V. Team was not pictured this year for the yearbook.)

D. Poehlein, T. Margherio, Asst. Coach M. Waldo, Asst. Coach K. Cartee.

This year's **Varsity Baseball Team** had a tremendous year ending with the record of 31-9 and also being 3rd in the state. The team did not let their being ranked 6th in the nation early in the season by *USA Today* go to their heads. Pitchers, Price and Lynn did a terrific job having ERA's of 2.15 and 3.23 respectively during the playoff games. The team's batting average was approximately .334, an exceptional average.

The team was led by Seniors, Blake Hilla, catcher with a batting average of .405; Gary Burns, first baseman with a .337 average; Tony Lockett, third baseman with a .340 average; and John Bailey, centerfielder with an average of .320 for the season. Lockett made a team record of 35 stolen bases for the season. Juniors, Eric Jennings had 30 RBI's for the season and pitcher Adam Lynn had a pitching record of 8-2 for the season. The team had three other outstanding pitchers with great records too. They are; Tom Price with a 6-1 record, Aaron Suess with a 5-2 record, and junior Marc Tuttle with a 6-3 record and 5 saves.

The playoff games started as the Tigers won their Regional title on March 31st by

defeating Jerseyville 7-1. They then went on to beat East St. Louis 3-2 following up with a win over Carbondale 9-1 sending the Tigers to the quarterfinals. The great victory over Central Catholic 4-0, led them to the semifinals. Unfortunately they lost this game 9-6 to Barrington.

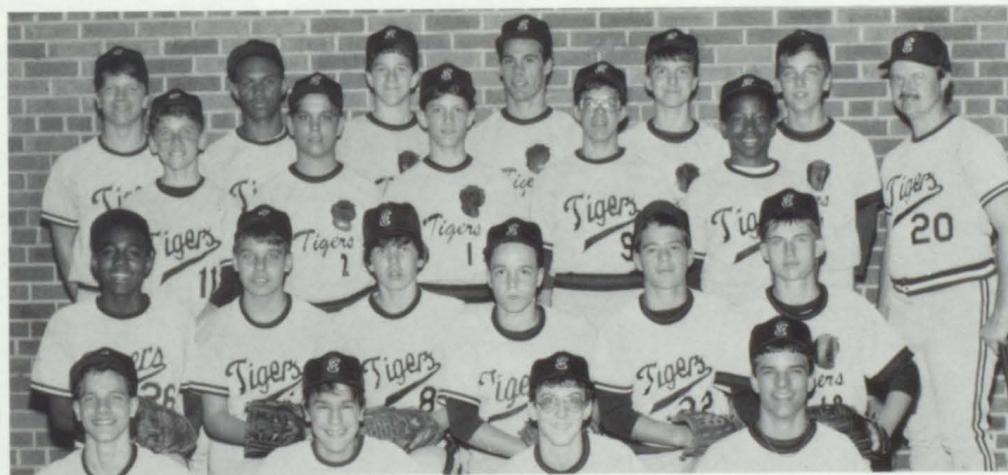

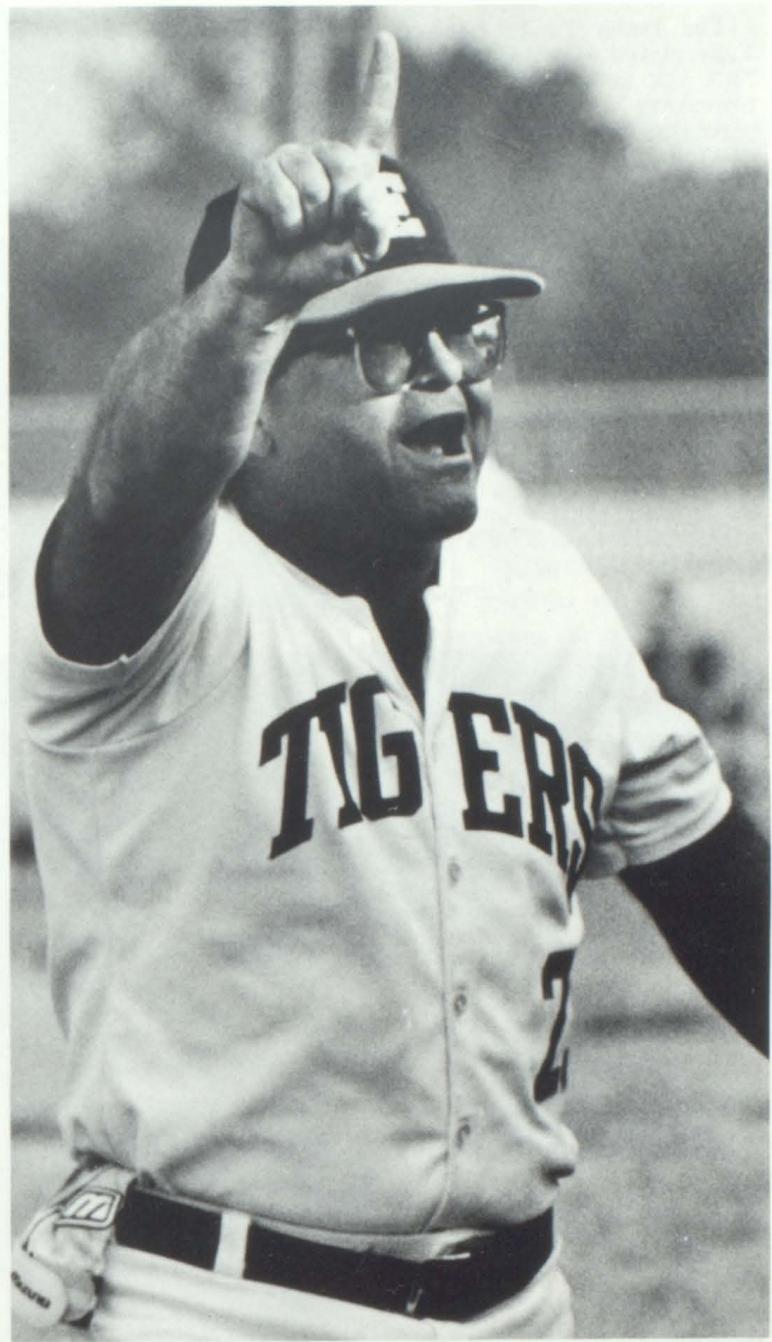

The team did absolutely great under the direction of Coach Tom Pile. Congratulations on all your wonderful achievements Tigers!

Four: J. J. Scerra, Jason Heien, Ryan Suess, Jeremy Hays, Jeff Hengehold, Mike Modrusic, Coach Butler.

The Junior Varsity Softball Team played with the motto of "It's nice to win, but it's not necessary." The J.V. team played for the fun of the game and for the valuable experience they gained. They ended the season with a record of 7-12, but the record doesn't show the true talent of the team. The team was made up of 13 Freshmen and a few Sophomores. Mary Beth Richards turned out a strong performance as catcher, and short stop, Cheryl Ahrens got to experience some Varsity action. The other three Sophomores all turned out good performances, as did the entire team. This young team has the ambition to be a great contender.

**The Varsity Softball Team** ended their season with an extremely respectable record of 12-12. This young team contained only one Senior, so the prospects for next year looks great. Junior pitcher Lori Kovarik ended her pitching season with a 10-8 record, an ERA of 3.84, and had more strikes than base hits. She proved to be good not only at pitching, but also when up to bat — hitting .300 for the season. Michele Hays led the team in RBIs with a grand total of 20. The team played solidly all season and is looking forward to having all the younger players return for next year's season. Lori Kovarik agrees that the team matured and played better as a result. Lori also feels EHS had a good team this year with the potential to go far. However, Lori is hopeful the team will be even better next year.

Keni Uhe

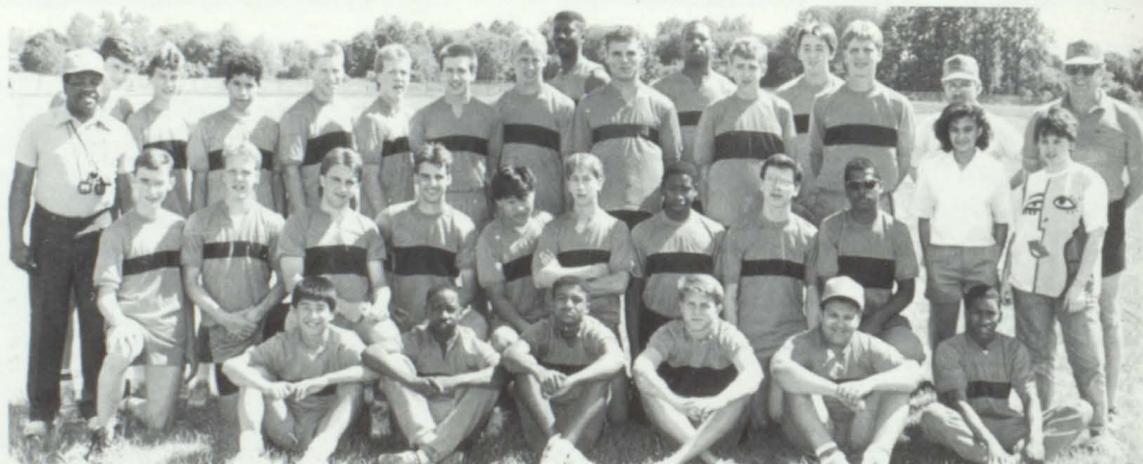

The Edwardsville Senior High School Track Team did very well this year. They placed third in the Tiger relays, first in the Madison County meet, and third in the sectional. A particular girl on this team has set some almost unbeatable records. Christina Perozzi ran the 100 in eleven and eight-tenths of a second. She ran the 200 in twenty-four and nine-tenths of a second. She also ran the 400 in fifty-eight and one-half seconds. This seems to be quite a record. She also placed fifth in state.

At state, the Medley relay placed with Shawn Atkins, Kara Barton, Briana Smith, and Tish Spiller. The runners in the 4X100 relay were Shawn Atkins, Kara Barton, Christina Perozzi, and Tisha Spiller. The relay teams did not place in the state meet.

The 1988 Boys' Tennis Team has had a very good year and their future looks very promising. They ended this season with a record of 9 wins and 4 losses. Coach Dennis Joyce says that their success is greatly due to their many experienced players and an exceptional Varsity team. Coach Joyce named Senior Bill Swiecicki the best all around player and mentioned other outstanding players as Dave Hyten, Brian Belt, and Mark Bass.

# *Academics*

## *The Role Academics Plays at EHS*

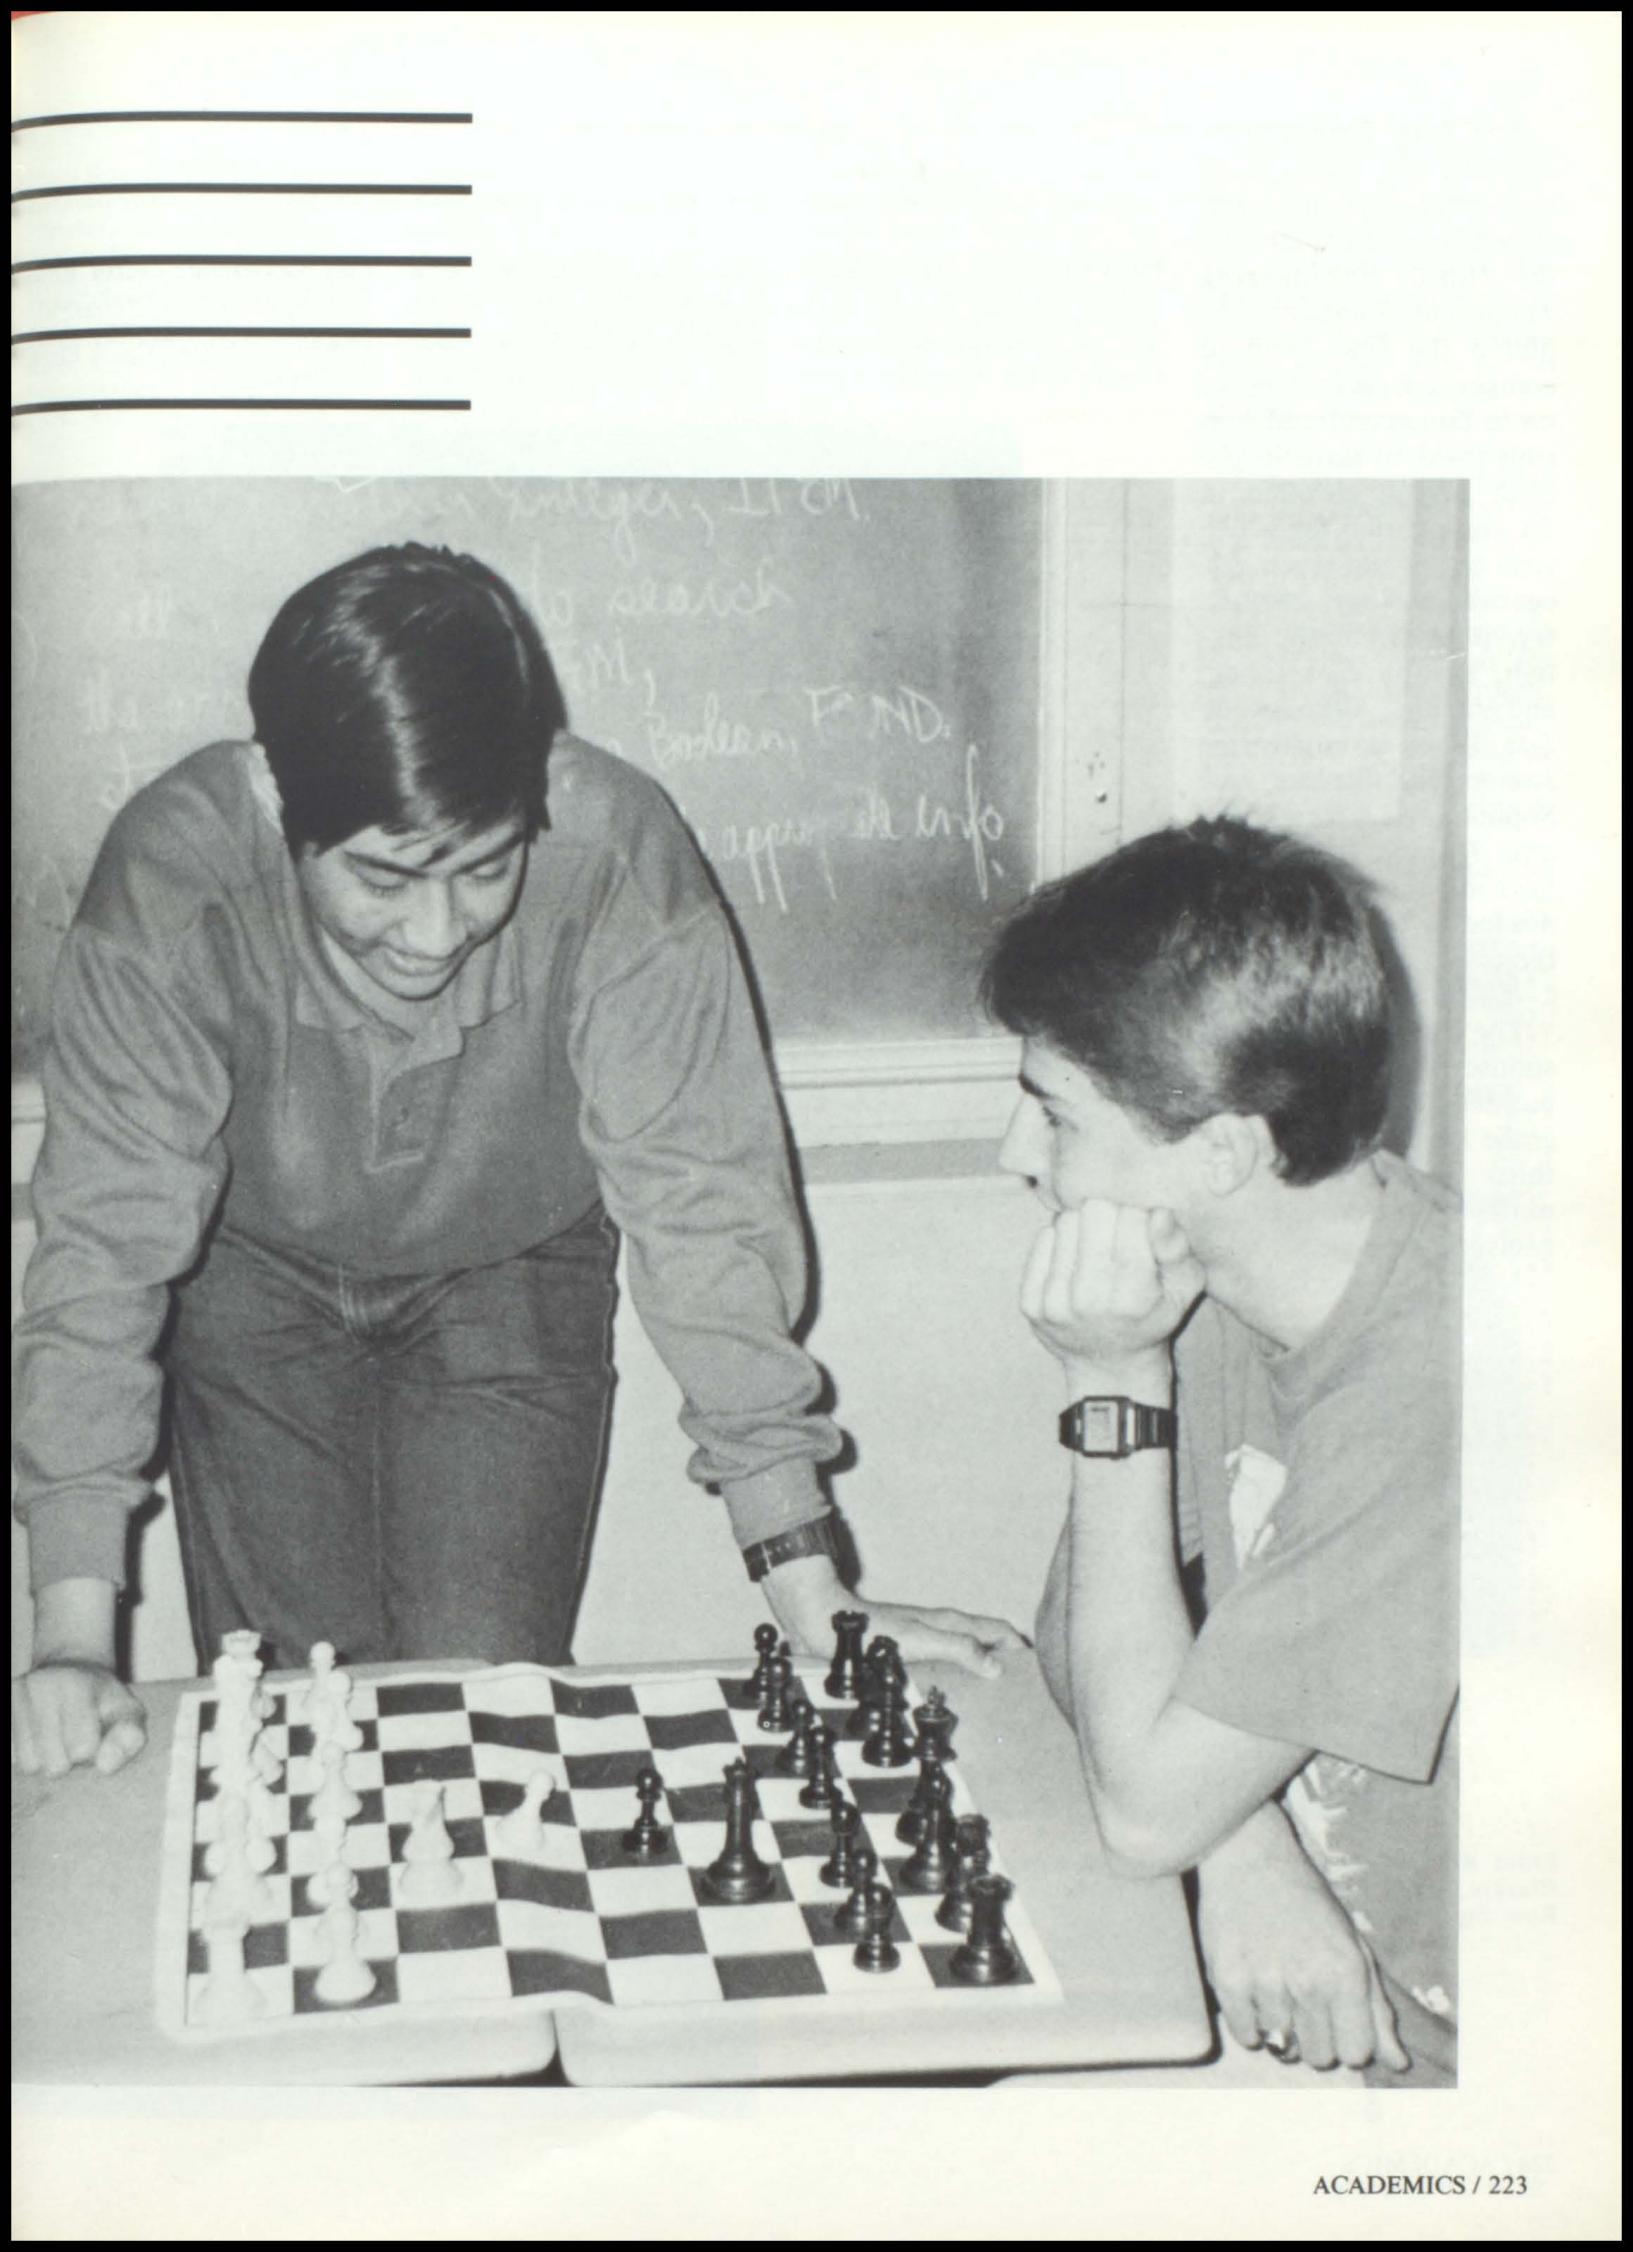

*Many of us feel that the best part of EHS is the sports that take place throughout the year. Sports are a great part of our school, but they aren't the only things. There are many ideas and events, other than athletic, that make up our school. For example, the academic part.*

*Many students do not really think about the important role that academics plays at EHS. Then again, many others do see the importance of academics. Many clubs and organizations that are academically oriented help EHS to become better and better. An example of such a club is the Math Team, who placed eighth overall at State last year.*

*A lot of people would consider most of the classes available at EHS academic in some way. What would we be doing at school without them? Academics, as well as everything else, is a big part of our school.*

— Cecily Arenas

The Jets Team, sponsored by Mr. Elam, is off to a great start this year. Recently, on February 21, the Junior Engineering Technical Society completed the first level of competition and will move on to the second and possibly third, or state, levels. Each person enrolled in the competition takes two tests out of the seven categories: biology, chemistry, physics, math, English, computer science, and graphics. Although the Jets Team is mostly for Juniors and Seniors, two Sophomores, Chris Lewis and Jessica Patterson, have met the requirements needed to become part of the team.

Christina Johnson

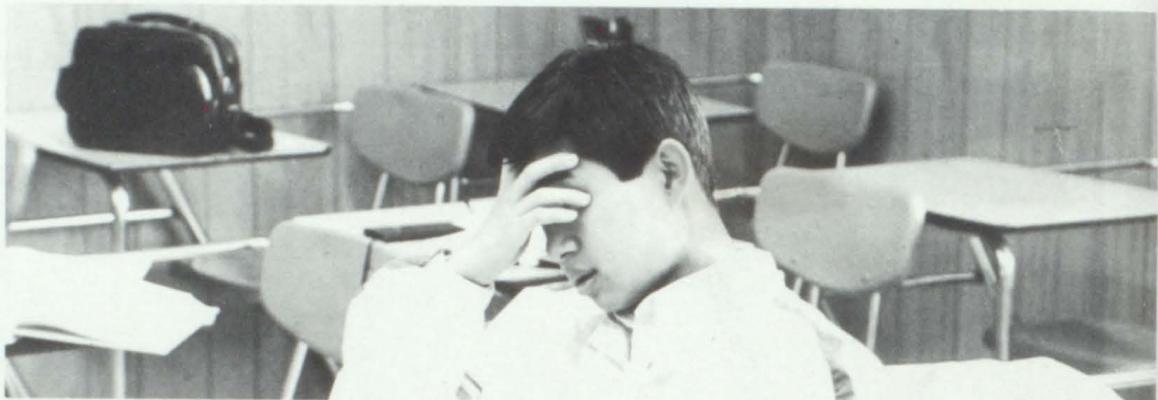

The **Math Team** is also sponsored by Mr. Elam, but has a team for each grade level. The team has thirty members and normally competes about twelve times a year.

**Art Seminar**, a class held just for Seniors, provides the art students with a maximum of artistic options. The class only requires that a certain number of projects be turned in every semester. These projects can be almost anything helping the students to create his own individual artistic talent.

The class is taught by the well-liked Dennis DeToye who assists the students in their various projects. This class also does things for the community such as making stained glass windows for the Esic Baptist Church. The Seniors work hard during the year for their annual final Senior Art Show that takes place in the Spring of each year.

The **Chess Team**, sponsored by Mr. Hindelang, is bringing in a great sixteenth year for EHS. The ten members compete throughout the year against many schools in

the St. Louis area. For the first semester of the '87-'88 school year, the team had a record of four wins and four losses.

Existing now for four years at EHS, the **Computer Team** is going on as strong as ever. Sponsored by Mr. Hindelang, the club provides experience for students interested in working with, or just increasing their knowledge of computers. With approximately twenty members, the Computer Club has no trouble coming up with ample material to place in the competitions that they enter during the year.

This year's **National Honor Society** consists of many members. Mrs. Johannes presently is their sponsor. The members are chosen by: good character, leadership, services and high academic levels. Much is expected from the members.

Throughout the year the National Honor Society has done many things for others. During Christmas, they helped at the Santa's helper's house. Funds raised from this went to The Pantry. An Honors Punch meeting was held in early February for Honor Roll students throughout EHS. In mid-March an induction was held. Towards the end of the year in May, an Honors Banquet was held.

The National Honor Society's members are placed into committees. There are three separate committees. The Committees are: Honor's Punch, Induction and Scrapbook.
